 Project Engineer, at 702-267-3064 or  
 Scott.Fiedler@cityofhenderson.com.

October 2014

# Your Neighborhood Matters

Produced by City of Henderson Neighborhood Services

## Center Street Rehabilitation Project

*Your neighborhood is getting a facelift!*

The city of Henderson will be making the following infrastructure upgrades in your neighborhood:

- Reconstruction of Center Street from Burkholder Boulevard to Lake Mead Parkway
- Installing storm drainage improvements on Center Street, Ash Street, and Fir Street
- Relocating water service meters for the houses between Constitution Avenue and Center Street

Residents living along Center Street, Ash Street, or Fir Street, will see roadway construction and storm drain installation near your home. For those houses highlighted in orange in the inside map, water meters will be relocated. Our contractor will work with you to coordinate a time for the work.

### How will I be impacted?

The map on the next page details where work will be performed.

There will be no cost to you for the project. Funding will come from the Regional Transportation Commission (RTC), Clark County Regional Flood Control District, and the city of Henderson Utility Services Department.

### Project schedule

Construction of the project is scheduled to begin in the summer of 2015 and be completed in early 2016.

### We need your input!

The city of Henderson is seeking your input on the design of Center Street. Options include keeping the current street width or narrowing the street and adding landscape to the sides. Give your opinion at the neighborhood meeting, with special guest Councilwoman Gerri Schroder:

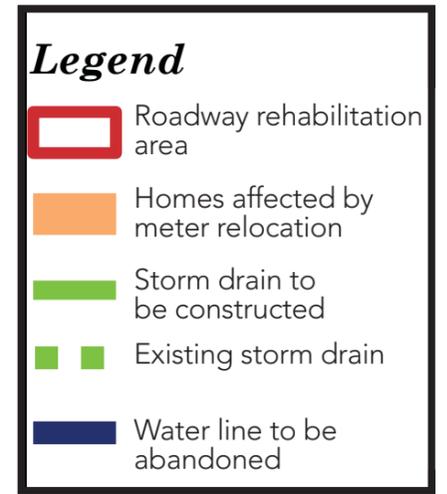

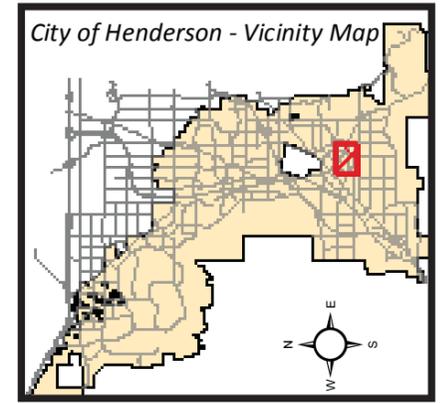

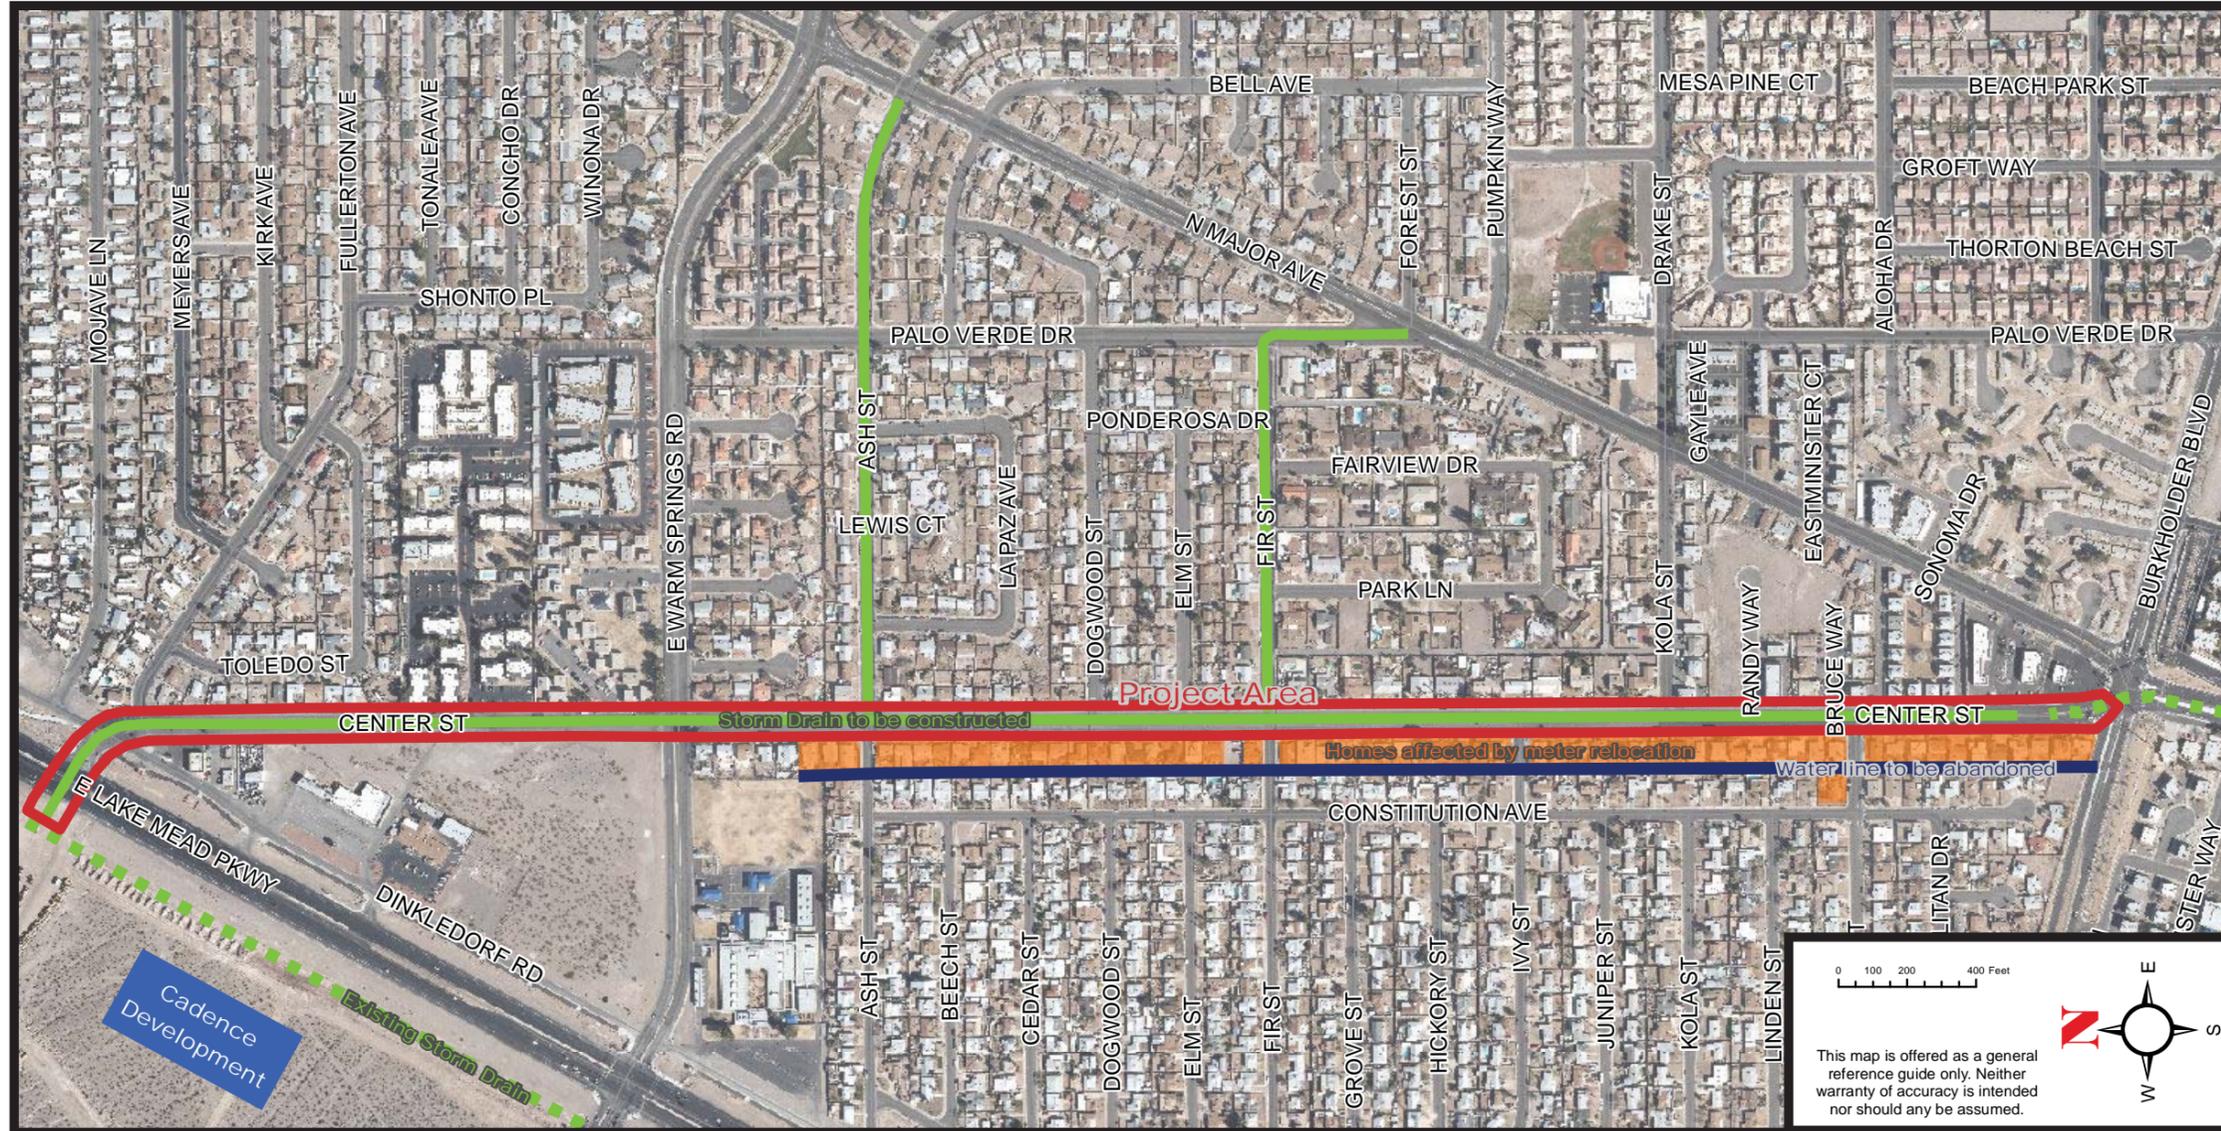

**Tuesday, October 14, 2014**  
**6pm-7pm**  
**Council Chambers**  
**Henderson City Hall, 240 Water St.**

Please contact Scott Fiedler, Public Works Project Engineer, at 702-267-3064 or by email at Scott.Fiedler@cityofhenderson.com.
