COMMITTEE REPORTS:

1. National Public Lands Day, Sept. 29th: Suggested projects for volunteers are as follows:
 - a. Finish trail signs
 - b. Finish interpretive signs and dig holes for the posts
 - c. Better define the Cat Claw Loop Trail by cutting back branches to the trunk of the bushes/trees
 - d. A scout will be working on the Channel Trail
 - e. Need a directional sign/post at the end of the Road Runner Trail
 - f. Trash pickup
 - g. Need a culvert at the bottom of the Trail Head at Silver Springs Rec Center
 - h. Move rocks from the channel to stop "damming of debris"
 - i. Bury rocks 1/2 down in soil every couple of feet for a more natural trail look
2. Registration: Susan Stater, Betty Ryan and Stephanie Oaks
3. Refreshments: Tronox LLC (Rick Stater) will provide refreshments. Barbecue equipment/food will also be provided by fellow committee members

4. Water: Curt Chandler
5. Eagle Scout Project: Austin Hafen has several ideas including trails/signs in the Pecos area/bench platform for October.
6. Curt has been working with the State to reach an agreement on our funding/grant money.
7. Mike Colety presented a report, "Summary of Initial Findings Regarding Feasibility of Armorflex for Pittman Wash". The area for the Armorflex would be from N. Valley Verde Dr. to the railroad crossing of the wash. Very informative. Discussion.
8. Patricia Ayala talked about the Parks/Rec trail system being planned and how they might connect with the Pittman Wash.
9. Project Green Kiosks: Evelyn and Curt presented beautiful samples of how the kiosks might look. Discussion followed and one suggestion was to put "bullets" at each topic for easier reading. We also liked the dark brown tops on the signs.
