**Committee Reports:**

1. Craig Walker presented his approved Eagle Scout Project to the committee which includes cleaning trails, picking up trash and rocks, laying trail markers. Curt or Al will be there **March 3, 2007** to oversee the project and bring City of Henderson equipment to help the scouts.
2. Earth Day: April 21st. We need to plan and organize registration, snacks, etc. Kristine volunteered to do the flyers. We may incorporate planting of creosote bushes, etc. with the Nevada Conservation Corps.
3. Nevada Conservation Corps: They are working on the slopes and are solving some of the irrigation problems by pulling out hoses not needed. Curt is working on getting more funding to buy more plants for the slopes.
4. Curt is going to meet with HOA members regarding the installing of a trail head across the Wash and would like some members of Project Green to go with him.
5. Signs: Alex and Evelyn still need to decide where the signs should be placed in the Wash.
6. Geo caches: Curt met with Chris Belcher and toured the Pittman Wash so Curt would know where the geo caches are **hidden**. We don't want to disturb them. **If they are in the way of our project, we can notify the "owner" so they can be relocated.**

7. Al: June 7th Conference - Al is writing "Rehabilitation for a River or Wash" a paper to be presented to the Conference. He will bring it to our April meeting for comments from the committee.
