Dear Parents, Guardians, and Students:

This map indicates traffic control devices, such as stop signs, speed limit signs, school zones, traffic signals and crosswalks within the area of your school. Please use this map to select a safe route to school for your child/children.

Please review the selected route with your child/children. Become familiar with the route by walking the route together. It is suggested that you instruct your child/children on the appropriate conduct at intersections and at traffic control devices such as traffic signals, stop signs, and crosswalks. The location of each traffic control device is indicated by a symbol on the map. Please instruct your child/children to use a designated school crossing whenever possible, whether or not it requires a longer walk.

The locations of adult school crossing guards are determined by the Henderson Police Department based on traffic conditions (phone number 702-267-4550).

Please review the selected route with your child/children. Become familiar with the route by walking the route together. It is suggested that you instruct your child/children on the appropriate conduct at intersections and at traffic control devices such as traffic signals, stop signs, and crosswalks. The location of each traffic control device is indicated by a symbol on the map. Please instruct your child/children to use a designated school crossing whenever possible, whether or not it requires a longer walk.

This map is provided to assist parents/guardians in the selection of a walking/bicycling route to and from school. The location of traffic control devices and roadway conditions will change, so parents/guardians must continually review the route with their child/children. This information is provided for information purposes only. Nothing herein is warranted by the City of Henderson, and no liability is assumed by the City of Henderson or the Clark County School District for the information provided, including but not limited to the accuracy of the data shown herein. For the latest school zoning and transportation information, please visit http://www.ccsd.net/.
BIKE AND WALK TO J. MARLAN WALKER INTERNATIONAL SCHOOL

The following are common questions and answers related to the use of bikes and/or children who are present.

**What do the flashing beacons mean?** The beacons are warning devices. They are programmed to flash when children are present in the zone. A flashing beacon may indicate that children are present nearby. Drivers, however, should exercise caution around all pedestrians.

**What work about weekends and holidays?** The signs do not apply when school is not in session.

**How do the flashing beacons mean?** The beacons are warning devices. They are programmed to flash when children are present in the zone. A flashing beacon may indicate that children are present nearby. Drivers, however, should exercise caution around all pedestrians.

**How do I identify them?** Since the "when children are present" rules are in effect from 6:00-9:00 am and 1:00-4:00 pm, school zones may not be visible on weekends or at any other time.

**What do the flashing beacons mean?** The beacons are warning devices. They are programmed to flash when children are present in the zone. A flashing beacon may indicate that children are present nearby. Drivers, however, should exercise caution around all pedestrians.
