GUIDELINES MAP ONLY**

PERMIT NO: \_\_\_\_\_

DATE: \_\_\_\_\_

As the permittee for a swimming pool to be constructed at:

\_\_\_\_\_  
(Address)

I, \_\_\_\_\_  
(Print Company Name or "Owner/Builder")

do hereby declare and affirm that I personally examined the construction site and have found no discernable faults present within or near the area of construction prior to excavation.

If any physical evidence of subsurface movement or fissures is discovered during excavation, I understand that I must engage the services of a Nevada licensed civil engineer to conduct a geotechnical investigation as required by Section 500 of the 2003 Southern Nevada Pool Code. Said engineer shall prepare a geotechnical investigation report, which shall include recommendations for feasibility of construction, pool location, and special design considerations.
