“MIRRORED PLANS” CREATE PROBLEMS FOR FIRE INSPECTORS

Fire Inspectors need accurate plans to perform proper inspections. All plans are required to be true representations of the finished installation.

Please DO NOT SUBMIT “Mirrored Plans” for approval or inspection.

MIRRORED PLANS 2MAJ9 0390R0M

Previously approved “Mirrored Plans” must be corrected and the inspections rescheduled. Only the hourly fees will be assessed to these rescheduled inspections.

Again, please be sure all your plans accurately represent your installations so the inspections can be completed as quickly and accurately as possible.

Please e-mail comments, questions & suggestions regarding this bulletin to:
