A Place To Call Home

To the citizens of The City of Henderson, Nevada:

The comprehensive annual financial report of the City of Henderson for the fiscal year ended June 30, 2000, is hereby submitted. Responsibility for both the accuracy of data, and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and compliance. The introductory section includes this transmittal letter, the City of Henderson's organizational chart and a list of principal officials. The financial section includes the general purpose financial statements and the combining and individual fund and account group financial statements and schedules, as well as the independent auditors' report on the financial statements and schedules. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

The compliance section includes information required pursuant to the Single Audit Act Amendments of 1996 as incorporated in the newly revised Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. This section includes the Schedule of Expenditures of Federal Awards; the independent auditor's report on compliance with laws, regulations, and the provisions of contracts of grant agreements that could have a direct and material effect on the financial statements and the major programs; the independent auditor's report on internal control related to the financial statements and federal awards, and the Schedule of Findings and Questioned Costs.

The comprehensive annual financial report includes all funds and account groups of the City, as well as a component unit. A component unit is a legally separate entity for which the government is financially accountable. The City provides a full range of services including police and fire protection; Municipal Court; detention facilities; water and sanitary sewer services; the construction and maintenance of boulevards, streets and other public infrastructure; recreational facilities and activities; and, cultural events. In addition to general government activities, the City Council exercises oversight responsibility for the Henderson Redevelopment Agency. Consequently, this activity has been included in the annual financial report as a blended component unit.

The City of Henderson was incorporated in June of 1953, pursuant to the provisions of Chapter 125 of the Nevada Statutes of 1907 as amended and subsequently reenacted as Chapter 266 of the Nevada Revised Statutes. The City operates under a Council - Manager form of government.

The financial statements present the financial position, results of operations and changes in fund balances / retained earnings of all funds for which the Henderson City Council is financially accountable. Financial accountability would result where the City Council appoints a voting majority of the organization's governing body and (1) is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the City. Financial accountability may also result where an organization is fiscally dependent on the City. Based upon the aforementioned criteria, no other reportable organizations were identified.

November 8, 2000

ECONOMIC CONDITION AND OUTLOOK

The City of Henderson is located in the southeastern part of Clark County, Nevada, which ranks as the nation's top growth area. With a population of approximately 190,512. Henderson ranks as the second largest city in the State of Nevada. The acceleration of economic activity in Nevada resulted in increased tax and construction driven revenues to the City. The Lake Las Vegas project, a major multi-hotel/casino and residential development located in Henderson continued construction. The City also recently annexed 5,458 acres of land.

MAJOR INITIATIVES

Presently under construction is an expansion to City Hall, including a multi-level parking garage, construction of an additional fire station and the construction of various recreation center/aquatic park complexes in Henderson

FINANCIAL INFORMATION

Management of the City of Henderson is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgements by management.

Single Audit As a recipient of federal, state and county financial assistance, the City also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management and the internal audit staff of the City.

As a part of the City's single audit, described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal award programs, as well as to determine that the City has complied with applicable laws and regulations. The results of the City's single audit for the fiscal year ended June 30, 2000 identified one reportable condition, but was not considered a material weakness.

Budgeting Controls. In addition, the City maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget, as augmented, that was approved by the City Council and the State of Nevada's Department of Taxation. Activities of the general fund, special revenue funds, debt service funds, capital projects funds, enterprise funds, internal service funds and expendable trust fund are included in the annual budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is statutorily required to be exercised at the function level in the general fund and at the fund level for other funds. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year end. However, encumbrances generally are reappropriated as part of the following year's budget augmentation.

November 8, 2000

As demonstrated by the statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound financial management.

General Government Functions. The following schedule presents a summary of general fund revenues for the fiscal year ended June 30, 2000 and the amount and percentage of increases (decreases) in relation to prior year revenues.

<u>Revenues</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase/ (Decrease) from 1999</u>	<u>Percentage Increase/ (Decrease)</u>
Property taxes	14,696,838	14.08	\$ 1,447,474	10.92%
Franchise fees	12,195,108	11.69	2,255,537	22.69
Licenses and permits	6,811,159	6.53	(1,607,560)	(19.10)
Intergovernmental	54,225,567	51.96	4,366,968	8.76
Charges for services	12,602,220	12.08	1,260,255	11.11
Fines and forfeits	1,635,996	1.56	266,722	19.50
Miscellaneous	2,189,608	2.10	521,239	19.23
	<u>\$104,356,496</u>	<u>100.00%</u>	<u>\$7,468,157</u>	

Increased property taxes result from higher assessed property valuations.

Franchise fees revenue which is based upon the gross receipts of gas, electric, telephone and other public utility companies increased because of the increase in the City's population.

Beginning February, 2000, licenses and permits relating to building permits are now recorded in the Development Services Enterprise Fund and are no longer recorded in the General Fund, thereby resulting in a decrease.

Fines and forfeits increased due to a fee increase and an additional traffic police unit producing a higher volume in fines.

The most significant revenue source was from intergovernmental revenues. The Consolidated Tax Distribution consists six individual revenue tax sources: Supplemental Sales, Basic Sales, Motor Vehicle Privilege, Real Property Transfer, Liquor, and Cigarette. The Consolidated Tax Distribution is comprised of a base distribution which is based on prior years' revenues adjusted by the Consumer Price Index, and an excess distribution which factors in population percentage changes and assessed valuation changes. The following table shows the various components included in intergovernmental revenue:

<u>Revenues</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase (Decrease) from 1999</u>	<u>Percentage Increase (Decrease)</u>
Federal Sources	265,705	.49%	\$ 265,705	100%
State Sources:				
Motor vehicle fuel tax	1,270,164	2.34	80,569	6.77
Consolidated tax	50,720,718	93.54	3,881,359	8.29
Other	264,383	0.49	(75,162)	(22.14)
County Sources	1,704,597	3.14	214,497	14.39
	<u>\$54,225,567</u>	<u>100.00%</u>	<u>\$ 4,366,968</u>	

November 8, 2000

Increased county sources are due to mainly to a grant received for Senior Center Improvements.

The following schedule presents a summary of general fund expenditures for the fiscal year ended June 30, 2000 and the percentage of increase (decrease) in relation to prior year amounts:

<u>Expenditures</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase (Decrease) from 1999</u>	<u>Percentage Increase (Decrease)</u>
General Government	\$28,133,602	26.95%	\$ 2,993,037	11.64%
Judicial	2,377,881	2.28	209,682	9.67
Public Safety	52,462,142	50.25	6,220,998	13.45
Highways and Streets	5,093,490	4.88	(633,467)	(11.06)
Culture and Recreation	<u>16,324,343</u>	<u>15.64</u>	<u>2,992,045</u>	<u>22.44</u>
	<u>\$104,391,458</u>	<u>100.00%</u>	<u>\$11,722,295</u>	

The increases in General Government; Judicial; Public Safety; and Cultural and Recreation; are a result of salary increases and personnel additions needed to keep up with the City's rapid rate of growth.

Highways and streets decreased due to a decrease in flood-related expenditures.

General Fund Balance. The fund balance of the General Fund decreased in 11% in 2000 with a fund balance of \$23,669,851. That is the equivalent of approximately 83 days of expenditures and is deemed adequate to meet the City's cash flow requirements.

Proprietary Operations. The City operates four enterprise funds and six internal service funds. The enterprise functions consist of a Water Enterprise Fund that provides potable water to the residents of the City of Henderson; a Sewer Enterprise Fund that provides sanitary sewer services to the residents of the City and reuse water for irrigation purposes to some golf courses and other large users within the City; a Convention Center Enterprise Fund that rents meeting and conference space to various groups and individuals; and a Development Services Fund to account for activities related to the building permit processing function.

The Water and Sewer Funds ended the fiscal year with \$107,829,590 and \$112,958,678 respectively, in working capital which is more than adequate to meet their needs. The Convention Center's working capital was \$1,241,680 at year-end, which is approximately equivalent to 440 days of expenses and is more than adequate to meet that fund's cash flow requirements. The Development Center working capital was only \$50,458 even though cash was \$1,053,401. This was due to the accrual of \$1,062,058 in compensated absences for employees who work with the building permit system and had previously been recorded in the General Long Term Debt Account Group. The City feels the Development Center's reserves are more than adequate to meet expenses.

The internal service functions include the Engineering Fund which provides engineering services to other departments and certain capital projects funds; and, the City Shop Fund which accounts for the cost of repairs, maintenance and acquisition of motor vehicles for user departments. The Revolving Internal Service Fund accounts for monies to be used for loans to special assessments districts, that are repaid by the special assessment debt service fund. The Self Insurance Fund, Health Insurance Fund and Workmen's Compensation Self Insurance Fund are used to account for monies collected from various City departments and funds to be used for payment of claims, to certain limits, and the purchase of certain types of insurance coverage for casualty and accident losses, employees health (medical, dental and vision) and workmen's injuries, respectively.

November 8, 2000

Engineering Internal Service Fund revenue decrease of \$1,383,303 was due to revenues related to new development being recorded in the Development Service Enterprise Fund since February 2000.

Fiduciary Operations. The City of Henderson maintains one expendable trust fund; one investment trust fund and five agency funds which are used to account for assets held by the City as a fiduciary on behalf of other entities.

The Lake Las Vegas Expendable Trust Fund is used to account for monies provided by the City of Henderson and a developer to fund a contingent liability for stormwater treatment.

The Investment Trust Fund is used to account for assets of an external investment pool for the Henderson District Public Libraries.

The agency funds include the Bridges Fund used to account for developer contributions towards the cost of constructing bridges across flood channels that traverse the City where funding for the anticipated projects have not been identified; the Section 125 Plan Fund used to account for employee contributions to an employee benefits plan, established under Section 125 of the Internal Revenue Code; the Traffic Signal Fund used to account for developer contributions toward the cost of installing new traffic signals or upgrading existing signals; the Forfeited Assets Fund used to account for monies impounded under applicable racketeering and/or controlled substance laws pending court adjudication; and the Paving Frontage Fund used to account for assessments accumulated for use as the land-owner portion of street frontage paving costs in defined areas.

Pension Information. The employees of the City are covered by the State of Nevada Public Employees' Retirement Plan. The City does not exercise any control over the plan and is not liable for any of the plan's unfunded obligations. The Plan was established on July 1, 1948 by the Nevada Legislature and is governed by the Public Employees' Retirement Board, whose seven members are appointed by the Governor.

Debt Administration. At June 30, 2000 the City had a number of debt issues outstanding. These issues included \$365,683,675 of General Obligation bonds and \$156,255,000 of Special Assessment bonds with some government commitment. The City's Bond Rating increased to AA-with Standard & Poor's and an Aa3 with Moody's Investor Services, making Henderson Nevada's only city to receive such a rating. Under current state statutes the City's general obligation bonded debt issuances are subject to a legal limitation based on 15 percent of total assessed value of real and personal property.

As of June 30, 2000, the City's net general obligation bonded debt of \$174,984,230 was below the legal limit of \$606,533,267 and net bonded debt per capita equaled \$918.49.

During the year, the City issued \$50,000,000 in General Obligation Various Purpose Bonds.

Cash Management. Cash temporarily idle during the year was invested in U.S. Treasury and agency obligations, banker's acceptances, repurchase agreements and the State Treasurer's investment pool. The average yield on investments was approximately 5.96%.

The City's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, investments were either in U.S. Treasury and agency obligations; insured by Federal Depository Insurance; or, collateralized. One hundred percent of the categorized investments held by the City at June 30, 2000 are classified in the category of lowest credit risk as defined by the Governmental Accounting Standards Board.

November 8, 2000

Risk Management. The City has obtained \$10,000,000 in excess Commercial General Liability insurance with a \$1,000,000 self-insured retention (SIR). In addition, the City continues to maintain the following coverages: a \$152.5 million blanket property insurance policy on all buildings and furnishings with a \$10,000 deductible; a \$50,000,000 Boiler & Machinery policy with a \$10,000 deductible; a \$500,000 Ambulance Drivers & Attendants Malpractice Liability policy with \$250 deductible; \$2,788,997 Inland Marine coverage on a scheduled basis for heavy equipment with 90% coinsurance after a \$5,000 deductible; a \$250,000 Commercial Crime policy with a \$2,500 deductible that covers employee dishonesty, forgery and alteration; and a \$2,665,355 Fire Truck Physical Damage policy with a \$2,500 deductible.

The City maintains its self-insurance fund to cover all claims made or occurring prior to the securement of the excess liability policy and all claims that fall under the \$1,000,000 SIR. The City's risk manager works with the City Attorney's office; an outside claims adjusting firm; the excess insurance company and its administrator; and, applicable departments in handling claims filed against the City. In addition the City obtains an actuarial analysis on an annual basis. At June 30, 2000 the Self Insurance Fund had \$3,072,998 in working capital. No current claims are expected to be settled in a manner which would adversely affect the fund's financial condition.

On July 1, 1992 the City became self insured for employee health benefits, providing medical, dental and vision care. A specific stop loss policy of \$35,000 per participant with a \$1,000,000 lifetime maximum is maintained. A third party administrator is used to pay claims under the stop loss threshold.

The City withdrew from the State Industrial Insurance System for workmen's compensation claims and established a self-insurance program for workmen's compensation on April 1, 1993. A third party administrator is utilized for claim payment. A stop-loss policy was purchased providing coverage for claims in excess of \$325,000 per participant up to a maximum of \$1,000,000 for each occurrence. For incidents occurring prior to April 1, 1993 liability is retained by the State Industrial Insurance System.

OTHER INFORMATION

Independent Audit. State statutes require an annual audit by independent certified public accountants. The accounting firm of Kafoury, Armstrong & Company was selected by the City Council. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Federal Single Audit Act Amendments of 1996 and related OMB Circular A-133. The independent auditors' report on the general purpose financial statements and combining, individual fund, and account group financial statements and schedules of federal awards is included in the financial section of this report. The independent auditors' reports related specifically to the single audit are included in the Compliance Section.

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Henderson for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 1999. This was the eighteenth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's Requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

November 8, 2000

Acknowledgments. The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the Finance Department's Accounting Division staff (especially Roy Borsellino, Rhonda Dunaway, Connie Kershaw and Teri Jones) as well as certain members of the City Manager's staff and Public Works Department. We would like to express our appreciation to all members of the Departments who assisted and contributed to its preparation, as well as the contributions of the staff of Kafoury, Armstrong & Co., Independent Certified Public Accountants.

In closing, without the leadership and support of the City Council of the City of Henderson, preparation of this report would not have been possible.

Respectfully submitted.

Independent Auditor's Report

The Honorable Mayor,
Members of the City Council and
City Manager
City of Henderson, Nevada

We have audited the accompanying general purpose financial statements of the City of Henderson, Nevada, as of and for the year ended June 30, 2000, as listed in the table of contents. These general purpose financial statements are the responsibility of the City of Henderson, Nevada's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the City of Henderson, Nevada as of June 30, 2000 and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 26, 2000 on our consideration of the City of Henderson, Nevada's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements of the City of Henderson, Nevada, taken as a whole. The combining and individual fund and account group financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the City of Henderson, Nevada. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis, as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the general purpose financial statements of the City of Henderson, Nevada. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

The statistical section has been furnished to us and was not subjected to the auditing procedures applied in the audit of the general purpose financial statements. Accordingly, we do not express an opinion on the statistical section.

Kafoury, Armstrong & Co.

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2000

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. The Reporting Entity

The City of Henderson, Nevada (the "City") was originally incorporated in 1953. It is governed by an elected mayor and four council members. The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. As required by GAAP, these financial statements present all the fund types and account groups of the City and its component unit. Blended component units, although legally separate entities, are in substance, part of the City's operations and, therefore, data from these units are combined with data of the primary government.

In evaluating how to define the financial reporting entity, management considered all potential component units using standards prescribed under GASB Statement No. 14 "The Financial Reporting Entity". Component units would include any legally separate organizations for which the City Council is financially accountable. Financial accountability would result where the City Council appoints a voting majority of the organization's governing body and (1) is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City. Financial accountability may also result where an organization is fiscally dependent on the City. Based on these criteria, no component units or other reportable organizations other than the Henderson Redevelopment Agency were identified.

The Henderson Redevelopment Agency ("Agency") is a blended component unit and is governed by a five member board composed of the four City Council members and the Mayor. The Agency was set up in fiscal year 1996 as a separate and distinct legal entity to provide a diversified and strengthened economy in the central area of the City. For financial reporting purposes, the Agency is reported as if it were part of the City's operations, as a special revenue fund, since it operates within an established area in the City and its sole purpose is to plan and finance revitalization projects in the City's central area. Financial statements of the Agency can be obtained from the City of Henderson Finance Department, 240 Water Street, Henderson, Nevada 89015.

B. Measurement Focus, Basis of Accounting and Basis of Presentation

The accounts of the City are organized and operated on the basis of funds and account groups. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. Account groups are a reporting device used to account for certain assets and liabilities of the governmental funds not recorded directly in those funds.

The following fund types and account groups are used by the City:

Governmental Funds - are used to account for the City's general government activities. Governmental Fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers all revenues available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences and claims and judgements which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2000

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Measurement Focus, Basis of Accounting and Basis of Presentation (continued)

Governmental Funds (continued)

The major revenues susceptible to accrual are property taxes, special assessments, sales taxes, consolidated tax revenue (cigarette taxes, motor vehicle privilege taxes, liquor taxes), gaming taxes, gasoline taxes and interest revenue. Licenses and permits, franchise fees, charges for services and fines and forfeits are not susceptible to accrual because generally they are not measurable until received in cash.

Property tax revenue is recognized in the fiscal year in which the taxes become due to the extent they are collected during the fiscal year or soon enough thereafter that they can be used to finance current period expenditures (no later than 60 days after year-end).

The City reports deferred revenue on its combined, combining and individual fund balance sheets. Deferred revenues arise when a potential revenue does not meet both the measurable and available criteria for recognition in the current period. Deferred revenues also arise when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the balance sheet and revenue is recognized.

Governmental Funds include the following fund types:

The **general fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **special revenue funds** account for revenue sources that are legally restricted to expenditure for specific purposes (not including expendable trusts or major capital projects).

The **debt service funds** account for the servicing of general long-term debt not being financed by proprietary funds.

The **capital projects funds** account for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary funds.

Proprietary Funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. In accordance with GASB Statement No. 20 "Accounting and Financial Reporting for Proprietary Funds and other Governmental Entities That Use Proprietary Fund Accounting", the City applies all applicable FASB pronouncements issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The City has elected not to apply FASB pronouncements issued after November 30, 1989.

Proprietary Funds include the following fund types:

Enterprise funds are used to account for those operations that are financed and operated in a manner similar to private business or where the City Council has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

Internal service funds account for operations that provide services to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis.

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2000

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Measurement Focus, Basis of Accounting and Basis of Presentation (continued)

Fiduciary Funds account for assets held by the City in a trustee capacity or as an agent on behalf of others. The trust fund accounts for assets held by the City under the terms of a formal trust agreement.

The **expendable trust fund** is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable trust funds account for assets where both the principal and interest may be spent.

The **investment trust fund** is accounted for in essentially the same manner as proprietary fund types, using the full accrual basis of accounting. This fund is used to account for assets of governmental external investment pools.

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. Agency funds are accounted for using the modified accrual basis of accounting. These funds are used to account for assets that the City holds for others in an agency capacity.

Account Groups. The **General Fixed Assets Account Group** is used to account for fixed assets not accounted for in proprietary or trust funds. The **General Long-Term Debt Account Group** is used to account for general long-term debt and certain other liabilities that are not specific liabilities of proprietary or trust funds.

C. Assets, Liabilities and Equity

1. Cash and Investments

The City pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balances in the pooled cash accounts are available to meet current operating requirements.

Cash and cash equivalents include currency on hand, demand deposits with banks and other highly liquid investments with original maturities of three months or less, from the date of acquisition, which are readily convertible to cash.

State statutes authorize the City to invest in obligations of the U.S. Treasury, certain farm loan bonds, certain securities issued by Nevada local governments, repurchase agreements, bankers acceptances, commercial paper, negotiable certificates of deposit and money market mutual funds. All investments are stated at fair value.

2. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivable / payable" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2000

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Liabilities and Equity (continued)

3. Property Taxes

The Clark County Assessor assesses all real and personal property by December 31 of each year. The County Treasurer bills and collects the City's share of property taxes. The County Treasurer remits, on a monthly basis, current and delinquent property tax collections to the City.

The Nevada Department of Taxation provides the maximum allowable tax rates for operating purposes to local governments for inclusion in their budgets. Each local government that receives property taxes must file a budget on or before June 1st, which provides for the allowable tax rate for the next fiscal year. The Nevada Tax Commission must certify all tax rates on June 25th, the levy date, and property is liened on July 1st. Taxes on real property are due on the third Monday in August of each year and may be paid in quarterly installments on or before the third Monday in August, and the first Mondays in October, January, and March. In the event of nonpayment, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties and costs, together with interest at the rate of 15 percent per year from the date the taxes were due, if four or more installments were delinquent, until paid. If delinquent taxes are not paid within the two-year redemption period, the County Treasurer obtains a deed to the property free of all encumbrances. Upon receipt of a deed, the County Treasurer may sell the property to satisfy the tax lien and assessments by local governments for improvements to the property.

4. Restricted Assets

Bond covenants of the City's Water and Sewer Enterprise Funds require portions of the debt proceeds, as well as other resources, to be set aside for various purposes. These amounts are reported as restricted assets.

5. Property, Plant, & Equipment

Property, plant and equipment purchased in all funds, except for the Proprietary Funds, are recorded as expenditures at the time of purchase and the related assets are reported in the General Fixed Assets Account Group. All purchased fixed assets are valued at historical cost. Donated assets are recorded at their estimated fair market value on the date donated. Public domain (infrastructure) general fixed assets, consisting of improvements such as bridges, curbs and gutters, streets and sidewalks are not capitalized in the General Fixed Assets Account Group. No depreciation has been provided on the general fixed assets. Construction period interest is not capitalized in the General Fixed Asset Account Group and is shown as interest costs in the Debt Service Fund.

Property, plant and equipment of the Proprietary Funds are recorded at cost including capitalized interest incurred during the construction phase on debt financed projects. Assets contributed from the General Fixed Assets Account Group or from other Proprietary Funds are recorded at their net book value but not to exceed their estimated fair market value on the date of contribution. Assets donated from individuals or other sources are also recorded at their estimated fair market value on the date donated. Depreciation is computed using the straight-line method for all assets over the estimated useful lives of the assets, which are:

CITY OF HENDERSON, NEVADA

**NOTES TO FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED JUNE 30, 2000**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Liabilities and Equity (continued)

5. Property, Plant & Equipment (continued)

<u>Assets</u>	<u>Life</u>
Buildings	20 to 50 years
Improvements other than buildings	5 to 15 years
Machinery	5 to 10 years
Vehicles	3 to 10 years

6. Banked Water

During 1994, the City entered into a Cooperative Agreement ("Edison Contract") to recharge underground storage aquifers among Southern Nevada Municipal Water Purveyors, (the "Purveyors"). The Purveyors desire to create an arrangement intended to allow each Purveyor, if it so chooses, to have stored for its account in the Las Vegas Valley groundwater basin by July 1, 2006 approximately the total quantity of water that the Purveyor will be obligated to make available to Southern California Edison Company from July 2, 2006 through July 1, 2026 pursuant to the Edison Contract. The City believes this program will provide an economical source of future supply for customers. The City believes the inventory method of accounting for recharged water will match the water cost with future revenues related thereto.

7. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Vested or accumulated vacation leave and sick leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave and sick leave that are not expected to be liquidated with expendable available financial resources are reported in the General Long-Term Debt Account Group. No expenditure is reported for these amounts. Vested or accumulated vacation and sick leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees.

8. Provisional Credits (Enterprise Fund)

The City has entered into refunding agreements whereby developers construct water and sewage transmission lines from their property to existing City lines at the expense of the developers. The developers are to be reimbursed by the City from the collection of connection fees or user charges. These agreements are principally for the term of ten years with all liability canceled either by reimbursement to the developers from subsequent connection fee assessments in the related areas or upon expiration of the term of the agreements.

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2000

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Liabilities and Equity (continued)

9. Long-Term Debt

The City records long-term debt of governmental funds in the General Long-Term Debt Account Group. Other governmental fund obligations not expected to be financed with current available financial resources are also recorded in the General Long-Term Debt Account Group. Long-term debt and other obligations financed by proprietary funds are recorded as liabilities in the appropriate funds.

For governmental fund types, bond premiums and discounts, as well as issuance costs, are recognized during the current period. Bond proceeds are reported as an other financing source net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received are reported as debt service expenditures. For proprietary fund types, bond premiums and discounts as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. For current and advance refundings resulting in defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are reported as deferred charges.

10. Fund Equity

Reservations of fund balance represent amounts that are not appropriable or are legally segregated for a specific purpose. The proprietary funds' contributed capital represents equity acquired through capital grants and capital contributions from developers, customers, or other funds.

11. Memorandum Only-Total Columns

Total columns on the general purpose financial statements are captioned as "memorandum only" because they do not represent consolidated financial information and are presented only to facilitate financial analysis. The columns do not present information that reflects financial position, results of operations, or cash flows in accordance with generally accepted accounting principles. Interfund eliminations have not been made in the aggregation of this data.

12. Comparative Data and Reclassifications

Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of the changes in the City's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are legally adopted for all funds except the Investment Trust and Agency Funds and use a basis of accounting consistent with generally accepted accounting principles. Encumbrance accounting is employed as an extension of formal budget integration in the governmental fund types. Encumbrances are commitments to unperformed (executory) contracts for goods and services such as open purchase orders. They are not expenditures or liabilities, but represent the estimated amount of expenditures ultimately to result if unperformed contracts in process are completed. While all appropriations lapse at fiscal year end, outstanding encumbrances (reported as a reservation of fund balance) are customarily reauthorized in the subsequent year.

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2000

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (continued)

A. Budgetary Information (continued)

Prior to April 15, the Finance Director submits a tentative budget for the ensuing fiscal year to the City Council, the Nevada State Department of Taxation and the Citizens via public hearings. The Nevada Department of Taxation notifies the City Council of whether or not the budget is in compliance with the law and appropriate regulations. Public hearings, at which all changes made to the tentative budget are indicated, are conducted on the third Tuesday in May. The City Council adopts the budget prior to June 1 and submits it to the Department of Taxation for final approval. The revenue classifications and expenditure functions shown in the financial statements are those prescribed by the Nevada Department of Taxation.

All revisions to the adopted budget are made a matter of public record by actions of the City Council. Per Nevada law, the City Manager is authorized to transfer budgeted amounts within functions (General Fund) or funds if the City Council is notified at the next regular meeting and the action is noted in the official minutes. Revisions which affect the total fund appropriations or transfers between funds are accomplished through formal City Council approval. Various supplemental appropriations were approved for the year to reflect necessary changes in spending and the corresponding additional resources available. The most significant change occurred in the Capital Projects Funds (\$215,097,106). Nevada Law requires budgetary control to be exercised at the function level or, with respect to proprietary funds, the total of operating and non-operating expenses.

B. Excess of Expenditures/Expenses Over Appropriations

Total expenditures/expenses exceeded those budgeted for the year in the following funds:

Development Services Enterprise Fund	\$ 961,001
Workmen's Compensation Self Insurance	
Internal Service Fund	\$ 474,233
Health Insurance Internal Service Fund	\$1,092,301

The above are potential violations of Nevada Revised Statutes (NRS) 354.626 as further described in Nevada Administrative Code (NAC) 354.480

C. Deficit Fund Balances/Retained Earnings

As of June 30, 2000, the following funds had deficit fund balances/retained earnings:

Capital Projects Funds:	
Land Sales	\$11,107,420
HUD Proceeds Fund	\$ 37,117
Flood Control Fund	\$ 79,647
RTC County Funded	\$ 147,544

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2000

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (continued)

C. Deficit Fund Balances/Retained Earnings (continued)

Enterprise Funds:	
Sewer Fund	\$4,725,328
Internal Service Funds:	
Revolving Fund	\$12,037

III. CASH AND INVESTMENTS

A. Deposits

State statutes govern the City's deposit policies. City monies must be deposited in insured banks and savings and loan associations. The City is authorized to use demand accounts, time accounts and certificates of deposit.

State statutes do not specifically require collateral for demand deposits, but do specify that collateral for time deposits may be of the same type as those described for permissible state investments. Permissible state investments include obligations of the U.S. Treasury, certain farm loan bonds, certain securities issued by Nevada local governments, repurchase agreements, bankers acceptances, commercial paper, negotiable certificates of deposit, and money market mutual funds. Allowable City investments are similar except that some state investments are longer term and include securities issued by municipalities outside of Nevada.

The City's agent, in the City's name, holds securities used as collateral to secure deposits. The depository bank submits monthly reports to the City indicating the type, the amount and the market value of the pledged securities. The City does not, however, have written custodial agreements with the trust bank for demand deposits.

The City invests monies both by individual fund and through pooling of monies. The pooling of monies, referred to as the external investment pool, is theoretically invested on the whole and not as a combination of monies from each fund belonging to the pool. In this manner, the City's Finance Director is able to invest the monies at a higher interest rate for a longer period of time. Interest revenue is apportioned monthly to each fund in the pool based on the average cash balance of the fund for the month.

At year-end, the carrying amount of the City's deposits was \$6,939,913 and the bank balance was \$11,065,945. Of the bank balance, \$500,000 was covered by Federal Depository Insurance, \$8,891,087 was covered by collateral held by the City's agent in the City's name, while \$1,674,858 was uncollateralized. Cash on hand at June 30, 2000 was \$9,659.

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2000

III. CASH AND INVESTMENTS (continued)

B. Investments

State statutes authorize the City to invest in obligations of the U.S. Treasury and U.S. agencies having maturity dates that do not extend more than ten years from the date of purchase, the state treasurer's investment pool, negotiable notes or short-term negotiable bonds issued by other local governments of the State of Nevada, banker's acceptances not exceeding 180 days maturity and eligible by law for rediscount with the Federal Reserve Banks and commercial paper issued by a corporation organized and operating in the U.S. that is purchased from a registered broker-dealer, with a remaining term of less than 270 days rated "A-1", "P-1" or better (purchases of banker's acceptances or commercial paper may not exceed 20 percent of the money available for local government investment). The City's investments are categorized as either (1) insured or registered or securities held by the City or its agent in the City's name, (2) uninsured and unregistered for which the securities are held by the counterparty's trust department or agent in the City's name or, (3) uninsured and unregistered for which the securities are held by the counterparty's trust department but not in the City's name as follows:

	Categories			Fair Value
	1	2	3	
U.S. Government Securities	\$292,387,127	\$ -	\$ -	\$292,387,127
Money Market Fund				178,265,011
Investment in Local Government Pooled Investment Fund				3,045,316
Total investments				\$473,697,454

The Local Government Pooled Investment Fund is an external investment pool administered by the Treasurer of the State of Nevada, with oversight provided by the Board of Finance. The fair value of the City's position in the pool is the same as the value of pool shares.

C. External Investment Pool

The City administers an external investment pool combining a portion of City of Henderson's money with voluntary investments from Henderson District Public Libraries. The City Council has overall responsibility for investment of City funds including the external investment pool in accordance with NRS 355.175. The City of Henderson chief investment official is the City's Finance Director under authority delegated by the City Council. The Finance Director may delegate investment responsibilities to finance department staff members. Monthly, Wells Fargo Bank, Charles Schwab Institutional, and the State of Nevada Local Government Pooled Investment Fund each determine the fair value of the pool's investments held by them. Each participant's share is equal to their original investment plus or minus monthly allocation of interest income, and realized and unrealized gains and losses. The City has not provided nor obtained any legally binding guarantees to support the value of shares.

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2000

VI. LEASES

A. Capital Lease Obligations

The assets acquired through capital leases are as follows:

Asset	General Fixed Assets	Internal Service Funds
Machinery and equipment	\$ 870,853	\$ 2,371,995
Less accumulated depreciation	-	1,033,631
Total	\$ 870,853	\$ 1,338,364

The future minimum lease payments for the capital leases and the present value of net minimum lease payments at June 30, 2000, are summarized in the following table:

Year Ending June 30	General Long-Term Debt Account Group	Internal Service Funds
2001	\$ 436,252	\$ 192,769
2002	411,857	192,770
2003	404,617	185,934
2004	364,526	119,253
2005	208,311	98,654
Thereafter	112,665	-
Total minimum lease payments	1,938,228	789,380
Less amount representing interest	(290,630)	(97,516)
Present value of net minimum lease payments	\$ 1,647,598	\$ 691,864

VII. LONG-TERM DEBT

A. Prior Year Defeasance of Debt

In prior years, the City defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liability for the defeased bonds are not included in the City's financial statements. At June 30, 2000, \$26,245,000 outstanding general obligation bonds are considered defeased.

CITY OF HENDERSON, NEVADA

**NOTES TO FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED JUNE 30, 2000**

VII. Long-Term Debt (continued):

B. Changes to Long-Term Debt:

The following schedule summarizes the changes in long-term debt:

	<u>Balance July 1, 1999</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance June 30, 2000</u>
General Long-Term Debt Account Group:				
General Obligation Bonds Payable:				
\$1,025,000 1989 Flood Control refunding bonds due in annual installments through February 1, 2005; interest varies between 6.5% and 6.8%	\$ 640,000	\$ -	\$ (90,000)	\$ 550,000
\$4,215,000 1989 Various Purpose refunding bonds due in annual installments through October 1, 2000; interest varies between 6.20% and 6.90%	845,000	-	(410,000)	435,000
\$1,310,000 1991 Public Building serial bonds due April 1, 2002; interest varies between 5.55% and 6.8%	85,000	-	-	85,000
\$14,690,000 1991 Public Building serial bonds due in annual installments through April 1, 2004; interest varies between 6.0% and 7.7%	3,925,000	-	(700,000)	3,225,000

D. Special Assessment Bonds

Principal and interest are payable from the assessments levied in each district. With the exception of the Single Developer or "T" district series of local improvement bonds, the City is obligated to honor any deficiencies to the extent that lien foreclosures are insufficient to cover debt requirements. With the T-2, T-4c, T-4r, T-5, T-6, T-1, T-10, and T-12 districts, the City's commitment for the local improvement bonds is limited only to the initiation of foreclosure proceedings. District T-2 is also obligated to the extent that it has legally available surplus funds which it shall apply to the purchase of property in the assessment district that is not sold as a result of foreclosure proceedings.

VIII. RETIREMENT PLAN

The City is a public employer participating in the Public Employees Retirement System of the State of Nevada (PERS), a cost sharing multiple-employer defined benefit plan administered by PERS. All full-time employees are covered under the system. In addition, those part-time employees working at least twenty hours per week are covered. The City has no liability for unfunded obligations of the system as provided by Nevada Revised Statute (NRS) 286.110.

Benefits, as required by statute, are determined by the number of years of accredited service at the time of retirement and the member's highest average compensation in any 36 consecutive months. Benefit payments to which participants may be entitled under the Plan include pension benefits, disability benefits and death benefits.

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2000

VIII. RETIREMENT PLAN (continued)

Monthly benefit allowances for regular members are computed at 2.5% of average compensation (36 consecutive months of highest compensation) for each accredited year of service prior to retirement with a ceiling of 75% of the average compensation. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allows the retired employee to accept a reduced service retirement allowance payable monthly during his/her life and various optional monthly payments to a named beneficiary after his/her death. Regular members are eligible for retirement at age 65 with 5 years of service, age 60 with 10 years of service or any age with 30 years of service. Police and firemen are eligible for retirement at age 65 with 5 years of accredited police and fire service, age 55 with 10 years of accredited police and fire service, age 50 with 20 years of accredited police and fire service or at any age with 30 years of accredited police and fire service. A member who retired on or after July 1, 1977 or is an active member whose effective date of membership is before July 1, 1985 and who has 36 years of service is entitled to a benefit of up to 90% of his/her average compensation. When members are eligible for the earlier retirement due to the increased service years, the ceiling limitation on monthly benefit allowances increases from the normal 75% to a maximum of 90% of average compensation. Regular members and members of the Police and Firemen Fund become fully vested as to benefits upon completion of 5 years of service.

Member contribution rates are established by NRS 286.450, which requires adjustments on each odd numbered year based on the actuarially determined contribution rate indicated in the biennial actuarial valuation. The City is enrolled in the employer pay contribution plan of PERS and is, therefore, required to contribute all amounts due under the Plan.

The City's contribution rates and amounts contributed for the last three years are as follows:

<u>Fiscal year</u>	<u>Contribution Rate</u>		<u>Total Contribution</u>
	<u>Regular Members</u>	<u>Police/ Fire</u>	
1999/00	18.75%	28.5%	\$14,430,745
1998/99	18.75%	28.5%	\$12,214,786
1997/98	18.75%	28.5%	\$10,513,142

PERS issues a publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained by writing to the Public Employees Retirement System of the State of Nevada, 693 West Nye Lane, Carson City, Nevada 89703-1599 or by calling (775) 687-4200.

CITY OF HENDERSON, NEVADA

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2000

XII. RISK MANAGEMENT

State and local governments are subject to many types of claims such as workmen's compensation, contractual actions, personal injuries and property damage.

GASB Statement No. 10 requires that a liability for claims be reported if information available prior to issuance of the financial statements indicates it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. In addition, there are also situations in which incidents occur before the balance sheet date but claims are not reported or asserted when the financial statements are prepared. The "incurred but not reported" claims have been estimated based upon the City's past experience adjusted for current trends. The claims are included in the appropriate liability accounts.

The City maintains three self-insurance internal service funds for the following types of risk exposures:

Liability Insurance - The City maintains \$10,000,000 in excess Commercial General Liability insurance with a \$1,000,000 self-insured retention ("SIR") along with various other property and liability coverage including a \$147.2 million blanket property insurance policy on all buildings and furnishings with a \$10,000 deductible. The self-insurance fund was established to cover all claims that fall under the deductibles and the \$1,000,000 SIR. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

Workmen's Compensation - The City withdrew from the State Industrial Insurance System for workmen's compensation claims and established the Workmen's Compensation Self Insurance Fund on April 1, 1993. The City maintains a commercial stop-loss policy for claims in excess of \$325,000 per participant up to a maximum of \$1,000,000 for each occurrence. For incidents occurring prior to April 1, 1993 liability is maintained by the State Industrial Insurance System. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

Group Health Insurance - The City became self-insured for employee medical coverage on July 1, 1992. The Health Insurance Self Insurance Fund provides group life, disability and travel accident insurance policies; also provided are medical plan and Health Maintenance Organization benefits. The City provides coverage of up to \$35,000 per participant for health insurance claims. For those claims in excess of \$35,000, the City has purchased commercial insurance covering up to \$1,000,000 per participant's lifetime. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2000

XII. RISK MANAGEMENT (continued)

Changes in the funds' claims liability amounts for the years ended June 30, 2000 and 1999 were:

	Liability Balance Beginning of Fiscal Year	Current Year Claims and Changes in Estimates	Claim Payments	Liability Balance at End of Fiscal Year
Fiscal Year 1999/00:				
Liability	\$ 497,855	\$ 402,425	\$ 402,423	\$ 497,857
Workmen's Compensation	62,626	1,009,174	567,941	503,859
Health Insurance	420,616	2,930,294	2,352,548	998,362
	<u>\$ 981,097</u>	<u>\$4,341,893</u>	<u>\$3,322,912</u>	<u>\$2,000,078</u>
Fiscal Year 1998/99:				
Liability	\$ 918,204	\$ 208,563	\$ 628,912	\$ 497,855
Workmen's Compensation	-	403,716	341,090	62,626
Health Insurance	176,755	2,174,363	1,930,502	420,616
	<u>\$1,094,959</u>	<u>\$2,786,642</u>	<u>\$2,900,504</u>	<u>\$ 981,097</u>

XIII. COMMITMENTS AND CONTINGENCIES

A. Construction in Progress

Construction in progress in the total amount of \$79,747,644 at June 30, 2000 is reflected in the General Fixed Assets Account Group and Proprietary Funds. Management estimates it will require an additional outlay of approximately \$93,500,000 to complete these projects.

B. Litigation

There are several lawsuits and unresolved disputes involving the City or its employees in which the City is represented by the City Attorney. However, in the opinion of the City Attorney these actions will not, in the aggregate, have a material adverse effect upon the operations or financial position of the City.

C. Lake Las Vegas

The City and the developers of Lake Las Vegas have established a sinking fund for the accumulation of \$30,000,000 to be used for stormwater treatment and/or conveyance in the event that the Federal Environmental Protection Agency (EPA) and the Nevada Division of Environmental Protection determine that more stringent stormwater treatment standards are required solely as a result of the creation of Lake Las Vegas.

The sinking fund will be maintained for a period of thirty years commencing in 1989 after which the City will be allowed to utilize the fund proceeds, if any, for any appropriate municipal purpose. Developer contributions with accumulated interest are expected to constitute \$4,500,000 of the total. The City intends to make contributions from property tax revenue that will be generated from increased assessed valuation resulting from the development. The developer estimates assessed valuation at complete build-out to be \$1,215,655,000 (35% of actual value).

CITY OF HENDERSON, NEVADA

NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2000

D. Landfill Closure

The City leased land from the Bureau of Land Management (BLM) for operation of a solid waste municipal landfill from November 1965 until November 1975. The City maintained the lease with the BLM through 1996. In March of 1997, the City entered into an agreement with the Nevada Division of Environmental Protection and the Clark County Health District whereby the City will investigate environmental conditions associated with the landfill, implement necessary remedial measures (e.g., installation of a final cover system and surface water run-on/run-off controls), and maintain the constructed remedial measures. The City has recorded an estimated contingent liability of \$12,000,000 in the General Long-Term Debt Account Group to reflect costs, which the City estimates that it may incur under the above-referenced agreement.

XIV. SUBSEQUENT EVENTS

Subsequent to year end, the City issued \$5,500,000 in bonds through the State of Nevada Revolving Loan Fund. As of October 20, 2000, \$325,843 has been drawn down by the City.

This page left blank intentionally.

The general fund is used to account for resources traditionally associated with governments which are not required legally or by sound financial management to be accounted for in another fund.

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

City of Henderson Redevelopment Agency - to account for the financial activity of the Agency which derives its revenue from tax increment financing and bond proceeds that will be utilized to rehabilitate and develop the defined redevelopment area.

Gas Tax Special Revenue - to account for optional excise tax on motor vehicle fuel and other revenues restricted for repairing or restoring existing unpaved and paved roads; streets; and alleys.

Forfeited Assets Special Revenue - to account for the resources and revenues of a fund that is restricted by State law to certain law enforcement activities.

Municipal Court Administrative Fee Special Revenue - to account for court assessments which are to be used to improve operations of the court.

Financial Stabilization Special Revenue - to account for resources to stabilize governmental operations in the event of a shortfall in General Fund revenue.

Graffiti Reward and Abatement Special Revenue - to account for graffiti-related court assessments which are to be used to pay rewards for information resulting in the conviction of graffiti ordinance violators.

Extraordinary Repairs Capital Improvements Special Revenue - to account for an allocation of bond proceeds sold for each capital project restricted by State law to be used in the extraordinary maintenance, repair, or improvement of the capital project.

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

Land Sales - to account for the purchase and sale of City owned property. The City has traditionally used proceeds from these sales for miscellaneous capital projects.

Special Recreation - to account for costs of recreational equipment and other recreational purposes. Funds for these purposes are provided by revenues received from the Las Vegas Convention and Visitors Authority.

Bond Proceeds - to account for costs of improving and bettering streets within the City; flood control; improving and equipping artificial lights, lighting equipment, and traffic control equipment; and acquisition, development, improvement and expansion of public parks, playgrounds and recreation facilities within the City. Financing is provided by the sale of general obligation bonds.

HUD Proceeds - to account for costs of providing loans and grants given for the purpose of housing rehabilitation and the construction of capital improvements, such as streets and street lighting. Primary funding is provided by Federal grants.

Park Development - to account for fees that are collected upon application for building permits. The revenues produced by these fees are to be used for the acquisition, development, improvement and expansion of public parks, playground and recreational facilities within the City.

Special Assessment Districts - to account for the cost of public improvements such as street lighting, streets, curbs, gutters, water and sewer benefiting certain property owners. Funding is provided by the issuance of special assessment district bonds.

Capital Project Funds

Flood Control - to account for flood control projects that receive their primary funding from the Clark County Flood Control District.

RTC/County - to account for costs of improving streets within the City that are funded by the Regional Transportation Commission and Clark County Grants.

Municipal Facilities Acquisition & Construction Fund - to account for costs associated with the acquisition, construction and improvement of public building facilities.

Special Ad Valorem Transportation Fund - to account for revenue received from a special ad valorem tax that must be recorded in a capital project fund and dedicated to capital projects designed to alleviate critical transportation needs within Clark County.

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's council has decided that periodic determination of net income is appropriate for accountability purposes.

Convention Center Enterprise Fund - to account for costs of operating the City's Convention Center. Resources for operating the Center are derived from user fees, a room tax imposed by the City and the allocation of a portion of gaming license revenues to this fund.

Water Fund - to account for the provision of water services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operating, maintenance, financing and related debt service; and, billing and collection.

Sewer Fund - to account for the provision of sanitary sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service; and, billing and collection.

Development Services Fund to account for the activities and transactions related to the building permit processing function. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, permit processing, issuance, monitoring, building inspection, plan checking, certain development reviews and related administrative expenses.

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other department or agencies of the government and to other governmental units, on a cost reimbursement basis.

Engineering - to account for the financing of engineering services provided by City engineers to other departments or to other governmental units such as Federal (Environmental Protection Agency and Housing and Urban Development) or State. Charges are made on a cost-reimbursement basis.

City Shop - to account for the costs of acquisition, maintenance (including fuel) and replacement of all City vehicles. Charges are billed to the user departments on a cost-reimbursement basis including depreciation.

Revolving Fund - to account for the resources and revenues of a fund that is restricted to the provision of loans to special assessment districts.

Self Insurance - to account for monies collected from various City departments and funds that are to be expended for payment of claims, to certain limits, for casualty and accident losses.

Workmen's Compensation Self Insurance - to account for and accumulate funds collected from various City departments and funds to be expended for payments of employees' work related injury claims, to certain limits, including disability payments.

Health Insurance Self Insurance - to account for and accumulate funds collected from various City departments and funds to be expended for payments of employees' health claims, to certain limits, and related insurance premiums including life and travel insurance for employees.

Trust Funds are used to account for assets held by the City in a trustee capacity. Agency funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds.

EXPENDABLE TRUST FUND

Lake Las Vegas Fund - to account for resources to be used solely to fund costs of storm water treatment and/or conveyance in the event that Federal and/or State agencies determine that more stringent treatment standards are required as a result of the creation of Lake Las Vegas.

INVESTMENT TRUST FUND

Investment Trust to account for assets of the City's external investment pools.

AGENCY FUNDS

Bridges - to account for contributions by developers for the construction of bridges across flood channels that traverse the City of Henderson. These contributions are held by the City in an agency capacity pending the identification of funding necessary to complete the bridges.

Section 125 Agency Fund - to account for City employee contributions to an employee benefits plan enacted under Section 125 of the Internal Revenue Code. The plan is administered by an independent plan administrator.

Trust and Agency Funds

Traffic Signal Agency Fund - to account for contributions by developers for the construction of traffic signals at intersections throughout the City of Henderson. These contributions are held by the City in an agency capacity to be used toward the construction of designated traffic signals or to be refunded to developers.

Forfeited Assets Fund - to account for monies impounded under applicable racketeering and/or controlled substance laws pending court adjudication.

Paving Frontage Agency Fund to account for assessments accumulated for use as the land-owner portion of street frontage paving costs in defined areas.

CITY OF HENDERSON, NEVADA

Report on Compliance and on Internal Control over Financial
Reporting Based on an Audit of Financial Statements Performed
In Accordance with *Government Auditing Standards*

The Honorable Mayor,
Members of The City Council and
City Manager
City of Henderson, Nevada

We have audited the general purpose financial statements of the City of Henderson, Nevada as of and for the year ended June 30, 2000, and have issued our report thereon dated October 26, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance:

As part of obtaining reasonable assurance about whether the City of Henderson, Nevada's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control over Financial Reporting:

In planning and performing our audit, we considered the City of Henderson, Nevada's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that we have reported to management of the City of Henderson, Nevada in a separate letter dated October 26, 2000.

This report is intended solely for the information and use of management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance with Requirements Applicable to Each
Major Program and Internal Control over Compliance in
Accordance with OMB Circular A-133

The Honorable Mayor,
Members of the City Council and
City Manager
City of Henderson, Nevada

Compliance:

We have audited the compliance of the City of Henderson, Nevada with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2000. The City of Henderson, Nevada's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of finding and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City of Henderson, Nevada's management. Our responsibility is to express an opinion on the City of Henderson, Nevada's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Henderson, Nevada's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our opinion does not provide a legal determination on the City of Henderson, Nevada's compliance with those requirements.

In our opinion, the City of Henderson, Nevada complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2000.

Internal Control over Compliance:

The management of the City of Henderson, Nevada is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of Henderson, Nevada's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

We noted certain matters involving the internal control over compliance and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect the City of Henderson, Nevada's ability to administer a major federal program in accordance with the applicable requirements of laws, regulations, contracts and grants. The reportable condition is described in the accompanying schedule of findings and questioned costs as item 00-1.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with the applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe that the reportable condition described above is not a material weakness.

This report is intended solely for the information and use of management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**THE CITY OF HENDERSON, NEVADA
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2000**

1. REPORTING ENTITY

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the City of Henderson, Nevada (the "City"). The City's reporting entity is defined in Note 1 to its general purpose financial statements. All expenditures of awards from federal agencies as well as expenditures of awards passed through other government agencies are included in the schedule.

2. BASIS OF ACCOUNTING

The Schedule of Expenditures of Federal Awards is prepared on the modified accrual basis of accounting.

3. AMOUNTS PROVIDED TO SUBRECIPIENTS

Included on the Schedule of Expenditures of Federal Awards for the Community Development Block Grant, are expenditures related to payments to Subrecipients. These expenditures include payments made to departments within the City of Henderson. For purposes of the Schedule of Expenditures of Federal Awards, the City considers these departments to be subrecipients, though they do not meet the definition of a subrecipient as described in OMB Circular A-133.

**THE CITY OF HENDERSON, NEVADA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2000**

Summary of Auditor's Results:

- Kafoury, Armstrong & Co. issued an unqualified opinion on the general purpose financial statements of the City of Henderson, Nevada for the year ended June 30, 2000.
- The audit disclosed no instances of noncompliance which were material to the financial statements of the City of Henderson.
- No reportable conditions or material weaknesses were disclosed during the audit of the financial statements.
- A reportable condition, not identified as a material weakness, in the internal control over a major program was disclosed.
- Kafoury, Armstrong & Co. issued an unqualified opinion on compliance for major programs of the City of Henderson.
- An audit finding relative to the major federal award programs for the City of Henderson, which is required to be reported under section __.510(a) of OMB Circular A-133 is included on the following page.
- The City of Henderson had two major programs for the year ended June 30, 2000, as follows:
 - Community Development Block Grant – CFDA 14.218
 - Home Investment Partnerships Program – CFDA 14.239
- The dollar threshold used to distinguish between Type A and Type B programs for the year ended June 30, 2000, was \$300,000.
- The City of Henderson qualified as a low risk auditee for the year ended June 30, 2000 under the criteria set forth in section __.530 of OMB Circular A-133.

Findings Relating to the Financial Statements Reported in Accordance with GAGAS:

There were no such findings in relation to the general purpose financial statement audit of the City of Henderson for the year ended June 30, 2000.

**THE CITY OF HENDERSON, NEVADA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2000**

Findings and Questioned Costs for Federal Awards:

U.S. Department of Housing and Urban Development

Finding 00-1:

Community Development Block Grant, CFDA 14.218

Grant Award Number: Potentially affects the grant awards included under CFDA 14.218 on the Schedule of Expenditures of Federal Awards.

Condition and Criteria: OMB Circular A-133 requires that federal reports are supported by applicable accounting records from which the financial statements are prepared.

The City does not prepare and maintain supporting documentation for the Financial Summary report at the time the report is filed.

Questioned Cost: None.

Context: There is currently no control procedure in place to prepare and maintain supporting documentation for the Financial Summary.

Effect: The amounts included on the Financial Summary report may not reconcile to the City's General Ledger.

Cause: Policies are not in place to provide for the preparation and maintenance of the supporting documentation for the Financial Summary report at the time the report is filed. With the assistance of various personnel, the Financial Summary report was eventually reconciled to the General Ledger. However, this reconciliation had to be created during the annual audit, as it had not been prepared at the time the report was filed.

Recommendation: In order to ensure required reports for Federal awards include all activity of the reporting period, are supported by applicable accounting records, and are fairly presented in accordance with program requirements, we recommend the City keep on file all necessary supporting documentation to support amounts reported on the Financial Summary report at the time the report is filed.

**THE CITY OF HENDERSON, NEVADA
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED JUNE 30, 2000**

There were no prior audit findings.

Auditors Comments

AUDITOR'S COMMENTS

STATUTE COMPLIANCE

The required disclosure on compliance with the Nevada Revised Statutes and the Nevada Administrative Code is contained in Note II to the financial statements.

PROGRESS ON PRIOR YEAR STATUTE COMPLIANCE

The following action was taken during 1999-00 relating to statute violations as reported in the June 30, 1999, audit report:

- During the current year, efforts were made to monitor all expenditures and expenses. However, the City was unable to avoid all potential violations.

PRIOR YEAR RECOMMENDATIONS

There were no specific recommendations made in the audit report for the year ended June 30, 1999.

CURRENT YEAR RECOMMENDATIONS

We did not find any financial weaknesses of a magnitude to justify inclusion within our audit report. However, our audit activity did identify recommendations to improve procedures and accountability that have been included in our current management letter.

STATEMENT REQUIRED BY NRS 354.624(4)(c)

In accordance with NRS 354.624(4)(c) and NRS 354.6241 the following requirements are noted:

- The funds subject to these reporting requirements are as noted in the table of contents of the City of Henderson, Nevada's financial statements for the year ended June 30, 2000, except for the General Fund which is exempt from the requirements.
- All funds maintained by the City of Henderson conform to all significant statutory constraints on financial administration during the year, (except as previously noted under statute compliance) and are administered in accordance with generally accepted accounting principles in all material respects.
- The sources of all revenues, including transfers, available for all funds are as noted in the financial statements, as are the ending fund balances of all funds.

NRS 354.611 and 354.6115

- The financial statements of the Extraordinary Repairs Capital Improvements Special Revenue Fund and the Financial Stabilization Special Revenue Fund are located in this report. Detailed records of individual transactions are maintained by the Finance Department.
- The planned accumulation and the planned uses thereof have been incorporated in the City's 2000-2001 budget.

Independent Accountant's Report

The Honorable Mayor,
Members of the City Council and
City Manager
City of Henderson , Nevada

We have reviewed the assertion provided by management that the reserved fund balances/retained earnings in the funds were reasonable and necessary to carry out the purposes of the funds at June 30, 2000. This statement is the responsibility of the management of the City of Henderson.

Our review was conducted in accordance with the attestation standards established by the American Institute of Certified Public Accountants. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on the assertion that the reserved fund balances/retained earnings in the funds were reasonable and necessary to carry out the purposes of the funds at June 30, 2000. Accordingly, we do not express such an opinion.

Based on our review, nothing came to our attention that caused us to believe that the assertion provided by management is not presented in all material respects based on the interpretation of reasonable and necessary provided by the Legislative Counsel Bureau.
