Introductory Section

CITY OF HENDERSON
240 Water Street
P. O. Box 95050
Henderson, NV 89009

November 10, 2005

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Henderson, Nevada:

The comprehensive annual financial report for the City of Henderson for the fiscal year ended June 30, 2005 is hereby submitted. State law requires that local governments provide for an annual audit by independent certified public accountants of its financial statements in accordance with generally accepted auditing standards.

This report consists of management's representations concerning the finances of the City of Henderson. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Henderson has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Henderson's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City of Henderson's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Henderson's financial statements have been audited by Bartig, Basler & Ray, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Henderson for the fiscal year ended June 30, 2005 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Henderson's financial statements for fiscal year ended June 30, 2005, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Henderson was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited

November 10, 2005

government's internal controls and legal requirements involving the administration of federal awards. These reports are available in the compliance section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Henderson's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The City of Henderson is located in the southeastern part of Clark County, Nevada which ranks as the nation's top growth area. With a population of approximately 243,897, Henderson ranks as the second largest city in the State of Nevada. The City Charter was approved in its present form by the Nevada Legislature in 1971, and has been amended subsequent thereto.

The City operates under a council-manager form of government, with elective offices consisting of the mayor, four city councilmen, and two municipal court judges. The mayor and all councilmen are elected for four-year terms. Elections for city councilmen are held every other year with either three City Council seats or one City Council seat and the position of mayor being voted upon in any one election year. All City Council seats and the position of mayor are elected at large on a nonpartisan basis, although no two councilmen can be from the same ward of the City's four wards. City Council meetings are presided over by the mayor, or by the mayor pro tempore (a councilman elected to that position by the City Council) in the absence of the mayor.

The City provides a full range of services including police and fire protection; Municipal Court; detention facilities; water and sewer services; the construction and maintenance of boulevards, streets and other public infrastructure; recreational facilities and activities; cultural events; and a municipal golf course.

The City of Henderson maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget, as augmented, that was approved by the City Council and the State of Nevada's Department of Taxation. Prior to April 15, the Finance Director submits a tentative budget for the ensuing fiscal year to the City Council, the Nevada Department of Taxation and the Citizens via public hearings. The Nevada Department of Taxation notifies the City Council whether or not the budget is in compliance with the law and appropriate regulations. Public hearings, at which all changes made to the tentative budget are indicated, are conducted on the third Tuesday in May. The City Council adopts the budget prior to June 1 and submits it to the Department of Taxation for final approval.

All revisions to the adopted budget are made a matter of public record by actions of the City Council. Per Nevada law, the City Manager is authorized to transfer budgeted amounts within

November 10, 2005

functions (General Fund) or funds if the City Council is notified at the next regular meeting and the action is noted in the official minutes. Revisions which affect the total fund appropriations or transfers between funds are accomplished through formal City Council approval. Various supplemental appropriations were approved for the year to reflect necessary changes in spending and the corresponding additional resources available.

Activities of the general fund, special revenue funds, debt service funds, capital project funds, enterprise funds, and internal service funds, are included in the annual budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is statutorily required to be exercised at the function level. Appropriations lapse at year end. However, encumbrances generally are reappropriated as part of the following year's budget augmentation.

Factors Affecting Financial Condition

Local Economy. The state and local economy are continuing to lead the nation from the recession. Recovery is expected to continue through Fiscal Year 2006, with most economic indicators showing growth. While the past economic downturn has adversely affected many government entities, the City of Henderson has maintained a strong financial position and has continued providing award winning service delivery to our residents. The City accomplished this by focusing on building financial reserves since the last recession in 1991. Combined with conservative budgeting and one of the lowest employee-to-resident ratios, the City has had the ability to maintain and enhance current municipal service levels during the past economic downturn.

The City of Henderson continues to experience rapid increases in population. Located just seven miles from the famous Las Vegas Strip, Henderson is known throughout the nation for its premiere master planned residential communities, outstanding parks and recreational facilities, cultural activities, and a rapidly growing business community. The median household buying income in Henderson continues to outpace the county and the state averages. Some of the nation's best known and most respected corporations have established major operations in Henderson. These include, but are not limited to, Ocean Spray Cranberries, Inc., Ethel M. Chocolates, Levi-Strauss & Company, Good-Humor-Breyers Ice Cream, Ford Motor Credit Company. Henderson also has defined gaming districts which include casino/resort development such as the Hyatt, Ritz Carlton, and Monte Lago at Lake Las Vegas, Sunset Station, Fiesta, and Green Valley Ranch Station.

Henderson has a tax rate of \$.7108 per \$100 in assessed valuation. This property tax rate has remained relatively steady for the past fifteen years and continues to be one of the lowest in the State of Nevada.

November 10, 2005

Long Term Financial Planning. The City of Henderson has many long range plans. These plans include the following:

- Adding five police officers to establish a traffic unit in the eastern area of the City to help reduce injury and fatal traffic accidents and reduce delay in addressing traffic complaints
- Adding eight dispatch positions, upgrading the existing dispatch consoles, and remodeling of the Dispatch Center within the Police Department to improve 911 dispatch services by reducing call processing times for Police, Fire, and EMS calls
- Adding a full-time rescue unit to the Fire Department to maintain current level of EMS transport services and provide rapid transport and definitive care for critically ill patients
- Adding resources to further coordinate, develop, and implement a citywide asset management program that will include a framework to support the stewardship of public assets, enhance departmental asset management practices, meet established standards, support regulatory compliance, and accurately forecast future financial requirements
- Continuing to invest in technology to enhance service delivery to customers
- Create kiosks in City buildings to allow the public easy access to City services and information

The City of Henderson continues to update the Capital Improvement Plan, a multi-year planning document that identifies and prioritizes the need for a variety of public improvements and coordinates the City's financing and construction time frames. Some of these capital projects for fiscal year 2006 include: Park Development and Special Recreation funded projects include Cactus Wren Park; Municipal Facilities funded projects include the Justice Facility Expansion and Parking Garage and City Center Plaza.; City street construction, improvements and rehabilitation funded mostly by the Regional Transportation Commission and federal funds; Flood Control projects funded by the Clark County Regional Flood Control District; Water and Sewer projects funded by Water and Sewer bonds; and Grant funded projects include additions to the City's trail network.

Cash Management Policies and Practices. Cash temporarily idle during the year was invested in U. S. Treasury and agency obligations, banker's acceptances, and the State Treasurer's investment pool. The average yield on investments was approximately 2.61%.

The City's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, investments were either in U.S. Treasury and agency obligations; insured by Federal Depository Insurance; or collateralized. One hundred percent of the categorized investments held by the City at June 30, 2005 are classified in the category of lowest credit risk as defined by the Governmental Accounting Standards Board. Investment income includes changes (appreciation or depreciation) in the fair value of

November 10, 2005

investments. Increases in fair value during the current year, however, do not necessarily represent trends that will continue; nor is it always possible to realize such amounts, especially in the case of temporary changes in the fair value of investments that the government intends to hold to maturity.

Risk Management. The City has obtained \$5,000,000 in excess Commercial General Liability Insurance with a \$1,000,000 self-insured retention (SIR). In addition, the City continues to maintain the following coverages: a \$434 million blanket property insurance policy on all buildings and building contents with a \$100,000 deductible; a \$79,000,000 Boiler & Machinery policy with a \$10,000 deductible; \$2.7 million Inland Marine coverage on a scheduled basis for heavy equipment with a \$100,000 deductible; a \$250,000 Commercial Crime policy with a \$2,500 deductible that covers employee dishonesty, forgery and alteration; and a \$6.9 million Fire Truck Physical Damage policy with a \$50,000 deductible.

The City maintains its self-insurance fund to cover all claims made or occurring prior to the effective date of the excess liability policy and all claims that fall under the \$1,000,000 SIR. The City's Risk Management division works with the City Attorney's office; an outside claims adjusting firm; the excess insurance company and its administrator; and, applicable departments in handling claims filed against the City. In addition the City obtains an actuarial analysis on an annual basis. At June 30, 2005 the Self Insurance Fund had \$5,316,281 in working capital. No current claims are expected to be settled in a manner which would adversely affect the fund's financial condition.

On July 1, 1992 the city became self insured for employee health benefits, providing medical dental and vision care. The City maintains a specific stop loss policy of \$75,000 per participant, per plan year with plan benefits subject to a \$1,000,000 lifetime maximum is maintained. A third party administrator is used to pay claims.

On April 1, 1993 the City became self insured for worker's compensation claims. A third party administrator is utilized for claim payment. The City has a \$1,000,000 SIR for all employees per occurrence, with the maximum on all claims at statutory limits for the coverage period from April 1, 2005 through April 1, 2006.

Pension Information. The employees of the City are covered by the State of Nevada Public Employees' Retirement System. The City does not exercise any control over the plan and is not liable for any of the plan's unfunded obligations. The Plan was established on July 1, 1948 by the Nevada Legislature and is governed by the Public Employees' Retirement Board, whose seven members are appointed by the Governor.

November 10, 2005

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Henderson for its comprehensive annual financial report for the fiscal year ended June 30, 2004.

This was the 23rd consecutive year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the Finance Department's Accounting Division staff as well as certain members of the City Manager's staff, Public Works Department, and the Neighborhood Services staff. We would like to express our appreciation to all members of the Departments who assisted and contributed to its preparation, as well as the contributions of the staff of Bartig, Basler & Ray, Independent Certified Public Accountants.

In closing, without the leadership and support of the City Council of the City of Henderson, preparation of this report would not have been possible.

Respectfully submitted,

Philip D. Speight
City Manager

Steven M. Hanson
Finance Director

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Henderson,
Nevada

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2004

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor
Members of the City Council and
City Manager
City of Henderson, Nevada

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Henderson, Nevada, as of and for the year ended June 30, 2005, which collectively comprise the City of Henderson's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of City of Henderson. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Henderson, Nevada, as of June 30, 2005, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 1B, the City adopted the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 40, *Deposits and Investment Risk Disclosures – an amendment of GASB Statement No. 3*, as of July 1, 2004.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 6, 2005, on our consideration of City of Henderson's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis, on pages 3A thru 3N, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming opinions on the financial statements that collectively comprise the City of Henderson's basic financial statements. The introductory section, combining and individual fund statements and schedules and statistical tables, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the City of Henderson. The combining and individual fund statements and schedules and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management's Discussion & Analysis

As management of the City of Henderson, we offer readers of the City of Henderson's financial statements this narrative overview and analysis of the financial activities of the City of Henderson for the fiscal year ended June 30, 2005. Please read this in conjunction with the transmittal letter at the beginning of the report and the City's financial statements following this section.

Financial Highlights

- The assets of the City of Henderson exceeded its liabilities at June 30, 2005 by \$1,798,869,960 (net assets). Of this amount, \$150,712,885 (unrestricted net assets) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net assets increased by \$191,878,459. See the sections on Governmental Activities and Business-type Activities below for explanations on the increase.
- As of June 30, 2005, the City of Henderson's governmental funds reported combined ending fund balances of \$210,055,313, an increase of \$40,973,143 in comparison with the prior year. This increase is mainly due to property owner contributions for special assessment districts and revenue increases due to growth and higher interest earnings. Approximately 90% of ending fund balances or \$189,139,278 is available for spending at the City's discretion (unreserved fund balance).
- As of June 30, 2005 unreserved fund balance in the general fund was \$25,935,187 or 15.9% of general fund expenditures.

Financial Statement Overview

This discussion and analysis is intended to serve as an introduction to the City of Henderson's basic financial statements. The City of Henderson's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of Henderson's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the City of Henderson's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City of Henderson is improving or deteriorating.

The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the City of Henderson that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Henderson include general government, judicial, public safety, public works, culture and recreation, and community support. The business-type

activities of the City of Henderson include Water and Sewer operations, the Development Services Center, a Convention Center, and a Municipal Golf Course.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Henderson, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Henderson can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Henderson maintains twenty-two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, general obligation debt service fund, special assessment debt service fund, special assessment districts capital projects fund, and the municipal facilities capital projects fund, all of which are considered to be major funds. Data from the seventeen other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in the report.

The City of Henderson adopts an annual appropriated budget for all its governmental funds. A budgetary comparison for the City's general fund has been provided to demonstrate compliance with this budget. Budget comparisons for other funds are provided elsewhere in the report.

Proprietary funds. The City of Henderson maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Henderson uses enterprise funds to account for its Water and Sewer activities, and the Development Services Center, all of which are considered major funds. Data from the two nonmajor enterprise funds are combined into a single, aggregate presentation. Individual fund data for each of these nonmajor enterprise funds is provided in the form of combining statements elsewhere in the report. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City of Henderson's various functions. The City of Henderson uses internal service funds to account for its engineering services, its City vehicles, self-insurance activities, to account for loan activities to other funds for special assessment districts and to account for general citywide services. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water activities, the Sewer activities, Development Services activities, which are considered major funds of the City of Henderson. All internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City of Henderson's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds and nonmajor enterprise funds are presented immediately following the notes to the financial statements. Internal service funds are presented after the governmental fund statements.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City of Henderson, assets exceeded liabilities by \$1,798,869,960 at June 30, 2005.

The largest portion of the City of Henderson's net assets (72%) reflects its investment in capital assets (e.g. land, buildings, machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The City of Henderson uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Henderson's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Henderson's Net Assets

	Governmental Activities		Business Type Activities		Total	
	2005	2004	2005	2004	2005	2004

Unrestricted	60,409,781	27,147,286	90,303,104	87,980,516	150,712,885	115,127,802
Total net assets	\$986,042,982	\$888,522,756	\$812,826,978	\$718,468,745	\$1,798,869,960	\$1,606,991,501

An additional portion of the City of Henderson's net assets (20%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets, \$150,712,885, may be used to meet the City's ongoing obligations to citizens and creditors.

As of June 30, 2005 the City of Henderson is able to report positive balances in all three categories of net assets, both for government as a whole, as well as for its separate governmental and business-type activities. The same held true for the previous fiscal year.

There was an increase of \$28,280,944 in net assets invested in capital assets net of related debt for governmental activities. This was due mainly to developer donations of infrastructure, however this increase is not significant.

There was an increase of \$86,223,418 in net assets invested in capital assets net of related debt for business-type activities. Most of this increase is due to contributed assets and construction in progress. See Capital Assets section for further explanation.

There was a increase of \$35,976,787 in restricted net assets for governmental activities. Most of this increase is due to developer contributions for special assessment capital projects, thereby increasing fund balances restricted for capital projects. See discussion on Capital Assets below for further explanations.

The City of Henderson's net assets increased by \$191,878,459 during the current fiscal year, an increase in governmental net assets of \$97,520,226 and an increase in business-type activities of \$94,358,233. See explanations for the increases in the sections for Governmental Activities and Business-type Activities.

Net assets, June 30	\$986,042,982	\$888,522,756	\$812,826,978	\$718,468,745	\$1,798,869,960	\$1,606,991,501

Governmental Activities. Governmental activities increased the City of Henderson's net assets by \$97,520,226 thereby accounting for 51% of the total growth in net assets of the City of Henderson. Key elements of this increase are as follows:

- Charges for services increased \$3,507,051 due to growth, increased fees for ambulance transports, and prisoner detention fees for holding prisoners for other jurisdictions who do not have the capacity.
- Operating grants and contributions increased by \$877,998 due to higher grant revenues and increase in the allocation from the Las Vegas Convention and Visitor's Authority due to growth.
- Capital grants and contributions increased by \$25,622,732 (34%). This is due in large part to property owner contributions of approximately \$32 million in this fiscal year for a special assessment district for which the City is not liable compared to approximately \$5 million in the previous fiscal year.
- Property taxes increased by \$7,419,834 (14%) due to growth in assessed value.
- Consolidated tax increased by \$18,396,592 (24%) due in large part to strong increases in sales tax revenue (see discussion on General Fund).
- Other taxes increased by \$3,173,293 (12%) due to growth.
- During fiscal year 2005, there was a significant land exchange for West Henderson for which the City gave up land with minimal book value in exchange for land and cash of a higher value; this accounted for the increase in gain on sale of assets.

- Interest income increased by \$2,199,883 (171%) due to higher cash and investment balances and to a large market adjustment at June 30, 2004, which decreased investment income by approximately \$1.2 million for that fiscal year. The market adjustment for fiscal year 2005 was insignificant.
- Increases in expenses are due in large part to population growth and therefore an increase in services and employees, particularly an increase in public safety costs due to a \$1.6 million communications lease and benefit and salary increases for police and fire.
- A new category of Community Support is reported this fiscal year, whereas it had been reported in General Government previously.
- Increase in interest on long-term debt is due to the additional debt issued in fiscal year 2003/2004 for which interest payments did not commence until this fiscal year.

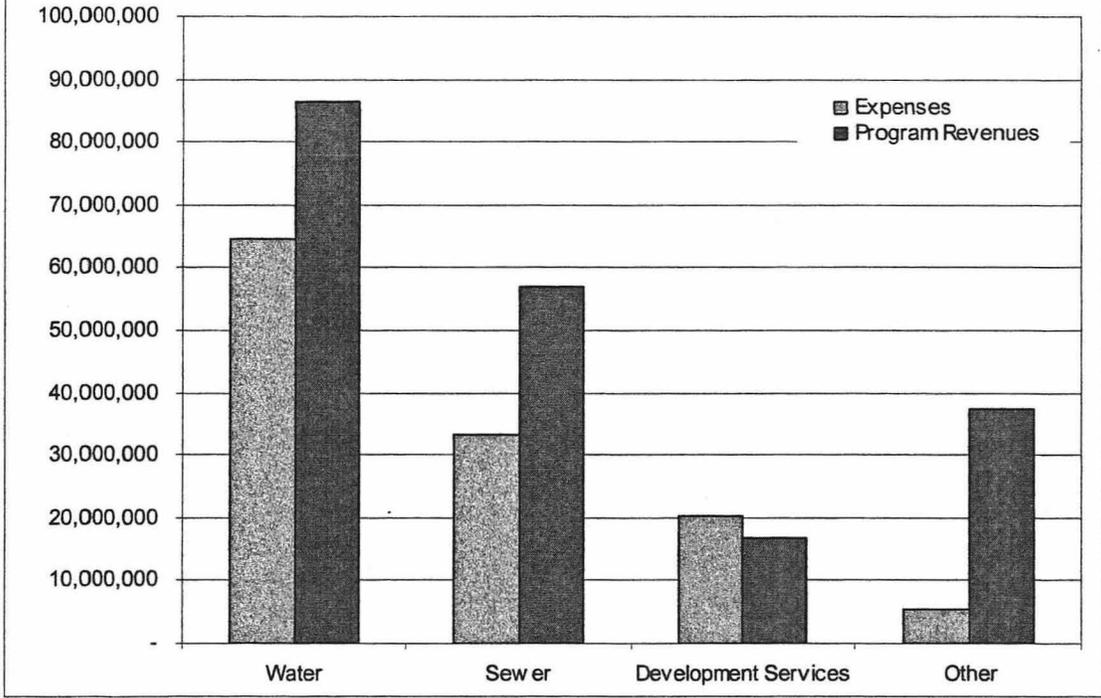

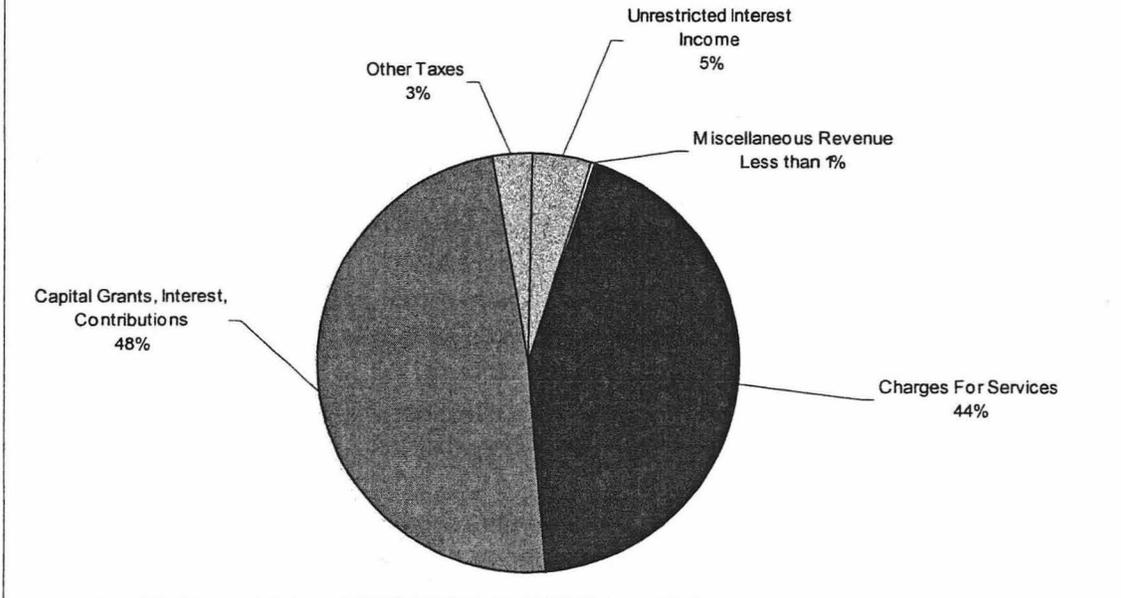

Business-type activities. Business-type activities increased the City of Henderson's net assets by \$94,358,233 accounting for 49% of the total growth in the government's net assets. Key elements of this increase are as follows:

- Capital grants and contributions increased by \$43,086,049 (71%) due in large part to the capital contributions relative to the acquisition of the Municipal Golf Course, which is a new Enterprise fund for this fiscal year.
- Interest income increased \$7,384,431 (291%) due to higher cash and investment balances and to a large market adjustment at June 30, 2004, which decreased investment income by approximately \$5.1 million in fiscal year 2004. The adjustment for fiscal year 2005 was insignificant. (See discussion on interest income in the governmental activities section). The higher cash and investment balances were due in large part to a \$110 million bond issue in November 2004.
- Water expenses increased \$7,708,003 (13%) due to staffing increases, an increase in the amount and costs of purchased water, and an increase in depreciation expense associated with an increasing asset base.
- Sewer expenses increased \$4,989,816 (17%) due to staffing increases, an increase in depreciation expense due to an increasing asset base, and an increase in interest expense due to new bond issue.
- Development services center expenses increased \$2,652,744 (15%) due to increased staffing levels, which were planned in order to achieve enhanced target levels relative to plan check and inspection services. The enhanced target levels were intended to provide improved services to the development community.
- Other business-type expenses increased due to the acquisition of the municipal golf course, which is a new enterprise fund this fiscal year.

Financial Analysis of the City's Funds

Governmental funds. The focus of the City of Henderson's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Henderson's financing requirements. In particular unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Henderson's governmental funds reported combined ending fund balances of \$210,055,313, an increase of \$40,973,143 in comparison with the prior year. Approximately 90% of this balance (\$189,139,278) constitutes unreserved fund balance, which is available for spending at the government's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed 1) to liquidate contracts and purchase orders of the prior period (\$1,995,062), 2) to pay debt service (\$5,572,324), 3) for land held for resale (\$8,412,363), 4) for a variety of other purposes (\$4,936,286).

General Fund. The general fund is the chief operating fund of the City of Henderson. At the end of the current fiscal year, unreserved fund balance of the general fund was \$25,935,187, while total fund balance was \$28,376,799. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 15.9% of total general fund expenditures, while total fund balance represents 17.4% of that same amount.

The fund balance of the general fund increased by \$2,272,498 during the current fiscal year. Key factors for this net increase are as follows:

Property taxes increased by \$3,544,168 due to growth in assessed value.

Franchise fees increased by \$2,817,045 due to the City's growth.

Intergovernmental revenues increased by \$18,627,617. This increase is mainly due to the consolidated tax amount received from the State of Nevada. This increase is due to strong increases in sales tax revenue due in large part to a robust construction sector and to growth.

Charges for services increased \$2,364,263 due to growth, increased ambulance fees and increased revenue in prisoner detention for prisoners held in our municipal jail for other jurisdictions that do not have the capacity to hold its own prisoners.

These increases were offset by a total increase in general fund expenditures. The most significant of these increases was in the current expenditures for public safety which increased by \$8,110,513 due to benefit and salary increases for public safety employees.

The increases were also offset by transfers out to other funds from the General Fund that were approximately \$17 million over the previous fiscal year, the majority of this increase was transferred to the Municipal Facilities Acquisition and Construction Capital Projects Fund for capital projects.

General Obligation Debt Service Fund. The general obligation debt service fund has a total fund balance of \$846,962, all of which is reserved for payment of debt service. The net decrease in the fund balance was \$726,524 due mainly to debt service payments exceeding property tax revenues.

Special Assessment Districts Debt Service Fund. The special assessment districts debt service fund has a total fund balance of \$1,377,899, all of which is reserved for payment of debt service. The net decrease in the fund balance was \$1,075,117 due to payments of assessments last fiscal year that were used for debt service this fiscal year.

Special Assessment Districts Capital Projects Fund. The special assessment districts capital projects fund has a total fund balance of \$87,039,953 which is unreserved. The net increase in fund balance was \$22,662,223. The increase to fund balance was due mainly to approximately \$32 million in property owner contributions related to Local Improvement District T-16 special assessment bond proceeds for which the City is not liable. These proceeds were offset by approximately \$10 million in construction costs for special assessment infrastructure.

Municipal Facilities Acquisition & Construction Capital Projects Fund. The municipal facilities acquisition & construction capital projects fund has a total unreserved fund balance of \$26,973,547. The net increase in fund balance of \$8,202,393 was due mainly to transfers in from the General Fund and other funds for capital projects.

Proprietary funds. The City of Henderson's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets of the water fund at the end of the fiscal year amounted to \$47,605,417, and total growth in net assets was \$25,165,193. Unrestricted net assets of the sewer fund at the end of the fiscal year were \$38,627,421, and total growth in net assets were \$31,580,536. Unrestricted net assets in the development services fund at the end of the fiscal year were \$7,160,490, and the total increase in net assets was \$4,325,514. Other factors concerning the finances of these funds have already been addressed in the discussion of the City of Henderson's business-type activities.

General Fund Budgetary Highlights

Functions represent the City's legal level of budgetary control. The final budget expenditure appropriations increased \$14 million, or 8.7% over the original budget. This increase was due to the re-authorization of outstanding encumbrances and unspent appropriations for capital purchases and professional services from the prior year in all functions. Many budgeted capital purchases and projects had not been completed by the end of Fiscal Year 2004, and were re-appropriated in Fiscal Year 2005. In addition the execution of a capital lease in the police department for \$1.6 million was not included in the original budget.

Actual expenditures were 92.5% of appropriations, or \$13.2 million lower than the final budget. All functions are well within appropriation authority. The savings were mainly due to staffing vacancies that occurred during the fiscal year, as well as projects that were not completed by the end of the fiscal year and will be re-appropriated to the subsequent year. The main areas of savings are summarized below:

- Actual General Government expenditures were \$7.3 million below the final budget. Several projects within Information Technology, City Manager's Office, and Community Development were not completed by year-end and were deferred to the subsequent year, in addition to \$1.6 million in vacancy savings.
- Actual Public Safety expenditures were \$2.8 million below the final budget, primarily due to vacancy savings, as well as projects that were deferred to the subsequent year.

- Actual Culture and Recreation expenditures were \$2.1 million below the final budget, mainly due to equipment purchases and projects that were deferred to the subsequent year, as well as vacancy savings.

Capital Assets and Debt Administration

Capital assets. The City of Henderson’s investment in capital assets for its governmental and business-type activities as of June 30, 2005 amounts to \$1,575,968,811 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, park facilities, roads, highways, bridges and a municipal golf course. The total increase in the City of Henderson’s investment in capital assets was \$133,987,032 (\$33,228,632 for governmental activities and \$100,758,400 for business-type activities).

Major capital asset events during the current fiscal year included the following:

- Land in business-type activities increased \$13,802,929 due to the acquisition of the Municipal Golf Course.
- Buildings increased in governmental activities by \$61,819,456 due in large part to the completion of City Hall expansion.
- Buildings increased by \$7,290,410 in business type activities due to the City’s acquisition of the Municipal Golf Course and the completion of the City Hall expansion.
- Construction in progress for governmental activities decreased by \$59,040,982 due in large part to the completion of the City Hall expansion.
- Construction in progress for business type activities increased by \$38,250,730. This increase is due to approximately \$36.7 million in costs associated with the water reclamation facility project, approximately \$.9 million in costs associated with the sewer substation project, and approximately \$.5 million in costs associated with the interceptor project.

Additional information on the City of Henderson’s capital assets can be found in notes to the financial statements.

Long-term debt. At the end of the current fiscal year, the City of Henderson had total bonded debt outstanding of \$396,691,193. Of this amount, \$125,240,000 is considered general obligation debt, \$16,340,000 is tax allocation debt, and \$1,215,000 is considered special assessment debt for which the City is obligated in some manner. The remainder of the City of Henderson’s bonded debt represents bonds to be paid from the City’s Water and Sewer activities.

City of Henderson’s Outstanding Bonds

	Governmental Activities		Business-type Activities		Total	
	2005	2004	2005	2004	2005	2004
General obligation bonds	\$125,240,000	\$137,665,000	\$ -	\$ -	\$125,240,000	\$137,665,000
Tax allocation bonds	16,340,000	16,340,000	-	-	16,340,000	16,340,000
Special assessment debt with government commitment	1,215,000	2,500,000	-	-	1,215,000	2,500,000
Water & sewer bonds	-	-	253,896,193	155,592,473	253,896,193	155,592,473
Total	\$142,795,000	\$156,505,000	\$253,896,193	\$155,592,473	\$396,691,193	\$312,097,473

During the fiscal year, the City issued sewer bonds and refinanced some of its existing water and sewer bonds to take advantage of favorable interest rates. The City of Henderson issued water & sewer bonds to refinance previously outstanding water & sewer bonds. The result is expected to result in a decrease in future debt service payments of \$3,181,338.

In October 2004 Standard & Poor’s Ratings Service and Moody’s Investor’s Service upgraded the City’s general obligation bond rating from “AA-“ to “AA” and from “Aa3” to “Aa2”, respectively .

As of June 30, 2005, the City’s net general obligation bonded debt subject to the legal debt margin of \$379,136,193 was below the legal limit of \$1,179,854,439 and net bonded debt per capita equaled \$577.02.

Additional information on the City of Henderson’s long-term debt can be found in notes to the financial statements.

Other Factors

- In the 2005 the Nevada State Legislature passed a law to provide a property tax relief to all citizens. Assembly Bill 489 was signed in law on April 6, 2005 and provides a partial abatement of taxes by applying a 3% cap on the increase in the tax bill for the owner’s primary residence (single family house, townhouse, condominium or manufactured home). Only one property may be selected in the State of Nevada as a primary residence. Some rental dwellings that meet the low-income rent limits may also qualify for a 3% cap on the tax bill. An 8% cap on the increase in the tax bill will be applied to residences that are not owner occupied. The 8% cap will also apply to vacant land, commercial buildings, business personal property, aircraft, etc.
- The unemployment rate for Nevada was 3.9% in March 2005, 1.3 percentage points lower than the national average.
- Tourism continues to be a vital component of the Southern Nevada economy. Hotel occupancy rates were 94.5% in March 2005, the highest occupancy rate since March 2001.

- The City's borrowing rate continues to be attractive, between 3.0% and 5.5% for long-term debt; however the City's yield on its investment portfolio was only 2.61% during the fiscal year.
- New home sales for Clark County are up 9.8% and median new home prices increased 33.1% for the 12 month period ended May 2005 over the prior 12-month period. Existing home sales increased 1.6% and the median price of pre-owned homes increased by 34.5% over the same period. The Las Vegas area added 15,200 construction jobs over the past year representing an annual growth of 17.2%.
- Henderson's population reached 243,897, an increase of 3.66% over 2004.

All of these factors were considered in preparing the City of Henderson's budget for the 2006 fiscal year.

During the current fiscal year unreserved fund balance in the general fund increased to \$25,935,187. The City of Henderson has appropriated approximately \$6.7 million of this amount for spending in the 2005-2006 fiscal year budget. It is intended that this use of available fund balance will pay for one time capital purchases.

Requests for Information

This financial report is designed to provide a general overview of the City of Henderson's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, 240 Water Street, Henderson, Nevada 89015.

CITY OF HENDERSON, NEVADA

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances to the Statement of Activities
Governmental Funds
For the Year Ended June 30, 2005

Net Change in Fund Balances - Governmental Funds	\$	40,973,143
<p>Amounts reported for governmental activities in the statement of net assets are different because:</p>		
<p>Governmental funds report capital outlay as expenditures and the proceeds from the sale of assets as other financing sources. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and only the gain or loss is recorded when assets are sold.</p>		
Expenditures for capital assets	\$ 19,553,433	
Sale/disposition of assets	(4,156,639)	
Less: Current year depreciation	<u>(45,470,168)</u>	(30,073,374)
<p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds.</p>		
Changes in deferred revenue	(646,144)	
Donated capital assets	<u>61,360,685</u>	60,714,541
<p>Bond and lease proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond and lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount by which bonds issued exceeded repayments and costs of issuance</p>		
Bonds and leases issued	(1,634,354)	
Bond issuance costs	(876,238)	
Accrued interest	267,802	
Interest payments	170,655	
Principal payments	<u>14,932,352</u>	12,860,217
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds</p>		
Amortization of current year bond premium, discount and costs	649,079	
Change in long-term compensated absences	(1,239,807)	
Change in arbitrage payable	<u>811,715</u>	220,987
<p>Internal service funds are used by management to charge the costs of certain activities to individual funds. The net income of the internal service funds is reported with governmental activities.</p>		
		<u>12,824,712</u>
Change in Net Assets of Governmental Activities	\$	<u><u>97,520,226</u></u>

The accompanying notes are an integral part of these financial statements.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 1: Summary of Significant Accounting Policies

A. The Reporting Entity

The City of Henderson, Nevada (the "City") was originally incorporated in 1953. It is governed by an elected mayor and four council members. The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. As required by GAAP, these financial statements present the activities of the City and its component unit. Blended component units, although legally separate entities, are in substance, part of the City's operations and, therefore, data from these units are combined with data of the primary government.

In evaluating how to define the financial reporting entity, management considered all potential component units using standards prescribed under GASB Statement No. 14 "The Financial Reporting Entity". Component units would include any legally separate organizations for which the City Council is financially accountable. Financial accountability would result where the City Council appoints a voting majority of the organization's governing body and (1) is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City. Financial accountability may also result where an organization is fiscally dependent on the City. Based on these criteria, no component units or other reportable organizations other than the City of Henderson Redevelopment Agency were identified.

The City of Henderson Redevelopment Agency ("Agency") is a blended component unit and is governed by a five-member board composed of the four City Council members and the Mayor. The Agency was set up in fiscal year 1996 as a separate and distinct legal entity to provide a diversified and strengthened economy in the central area of the City. For financial reporting purposes, the Agency is reported as if it were part of the City's operations, as a special revenue fund, since it operates within an established area in the City and its sole purpose is to plan and finance revitalization projects in the City's central area. Financial statements of the Agency can be obtained from the City of Henderson Finance Department, 240 Water Street, Henderson, Nevada 89015.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 1: **Summary of Significant Accounting Policies** (continued)

B. Implementation of Government Accounting Standards Board Statements

GASB Statement No. 40

At June 30, 2005, the City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 40, *Deposits and Investment Risk Disclosures – an amendment of GASB Statement No. 3*. The Statement modifies the custodial credit risk disclosures required by Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements* and addresses deposit and investment risks related to credit risk, concentration of credit risk, interest rate risk, and foreign currency risk.

Accordingly, the cash and investments disclosures have been revised to conform to the provisions of GASB Statement No. 40.

C. Government-Wide and Fund Financial Statements

The government-wide financial statements report information on all of the nonfiduciary activities of the primary government and its component unit. Eliminations have been made to minimize the double-counting of internal activities. Services provided by the General Fund to other funds are reported as expenditures or expenses, as appropriate, in the funds receiving the services and as reductions of expenditures in the General Fund. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The statement of activities demonstrates the degree to which the direct expenses of a given function or business-type activity are offset by program revenues. *Direct expenses* are those that are specifically associated with a function or business-type activity. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or business-type activity and 2) grants, contributions and interest income that are restricted to meeting the operational or capital requirements of a particular function or business-type activity. Taxes and other items not properly included among program revenues are reported instead as *general revenues*. The City first utilizes restricted resources to finance qualifying activities, then unrestricted resources as they are needed.

The fund financial statements provide information about the City's funds, including its fiduciary funds and blended component unit. Separate statements for each fund category, *governmental*, *proprietary* and *fiduciary*, are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 1: **Summary of Significant Accounting Policies** (continued)

C. Government-Wide and Fund Financial Statements (continued)

Proprietary fund operating revenues, such as charges for services, and operating expenses result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings and nonoperating expenses result from nonexchange transactions or ancillary activities.

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus*, and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

In accordance with GASB Statement No. 20 "Accounting and Financial Reporting for Proprietary Funds and other Governmental Entities That Use Proprietary Fund Accounting", the City applies all applicable FASB pronouncements issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The City has elected not to apply FASB pronouncements issued after November 30, 1989.

Governmental fund financial statements are reported using the current *financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *measurable* when the amount of the transaction can be determined and *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when liabilities are incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, special assessments, sales taxes, consolidated tax revenue (sales taxes, cigarette taxes, motor vehicle privilege taxes, liquor taxes), gaming taxes, gasoline taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 1: **Summary of Significant Accounting Policies** (continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

the current fiscal period. Licenses and permits, franchise fees, charges for services, and fines and forfeits are not susceptible to accrual because generally they are not measurable until received in cash.

Property tax revenue is recognized in the fiscal year in which the taxes become due to the extent they are collected during the fiscal year or soon enough thereafter that they can be used to finance current period expenditures (no later than 60 days after year-end).

The City reports deferred revenue in the fund financial statements balance sheets. Deferred revenues arise when potential revenue does not meet both the measurable and available criteria for recognition in the current period. Deferred revenues also arise when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the balance sheet and revenue is recognized.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **General Obligation Debt Service Fund** accounts for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources.

The **Special Assessment Districts Debt Service Fund** accounts for the accumulation of resources and payment of special assessment debt principal and interest from special assessment levies when the government is obligated in some manner for the payment.

The **Special Assessment Districts Capital Projects Fund** accounts for the cost of public improvements such as street lighting, streets, curbs, gutters, water and sewer benefiting certain property owners. Funding is provided by the issuance of special assessment district bonds.

The **Municipal Facilities Acquisition & Construction Capital Projects Fund** accounts for costs associated with the acquisition, construction and improvement of public building facilities.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 1: **Summary of Significant Accounting Policies** (continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

The City reports the following major enterprise funds:

The **Water Fund** accounts for the provision of water services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operating, maintenance, financing and related debt service; and, billing and collection.

The **Sewer Fund** accounts for the provision of sanitary sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service; and, billing and collection.

The **Development Services Fund** accounts for the activities and transactions related to the building permit processing function. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, permit processing, issuance, monitoring, building inspection, plan checking, certain development reviews and related administrative expenses.

Additionally, the City reports the following fund types:

Internal Service Funds account for operations such as engineering; vehicle acquisition and maintenance; insurance; lending; and general technology that provide services or resources to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis.

Agency Funds are custodial in nature and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the City holds for others in an agency capacity.

E. Assets, Liabilities and Equity

1. Cash and Investments

The City pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balances in the pooled cash accounts are available to meet current operating requirements.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 1: **Summary of Significant Accounting Policies** (continued)

E. **Assets, Liabilities and Equity** (continued)

1. **Cash and Investments** (continued)

Cash and cash equivalents include currency on hand, demand deposits with banks and other highly liquid investments with original maturities of three months or less, from the date of acquisition, which are readily convertible to cash. Since all cash in proprietary funds is pooled with the rest of the City's cash and is available upon demand, all cash and investments in those funds are considered cash equivalents.

State statutes authorize the City to invest in obligations of the U.S. Treasury, certain farm loan bonds, certain securities issued by Nevada local governments, repurchase agreements, banker's acceptances, commercial paper, negotiable certificates of deposit and money market mutual funds. All investments are stated at fair value.

2. **Receivables and Payables**

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." All such balances within the governmental activities or business-type activities are eliminated in the government-wide statements. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide statements as "internal balances."

3. **Property Taxes**

The Clark County Assessor assesses all real property by December 31 of each year. The County Treasurer bills and collects the City's share of property taxes. The County Treasurer remits, on a monthly basis, current and delinquent property tax collections to the City.

The Nevada Department of Taxation provides the maximum allowable tax rates for operating purposes to local governments for inclusion in their budgets. Each local government that receives property taxes must file a budget on or before June 1st, which provides for the allowable tax rate for the next fiscal year. The Nevada Tax Commission must certify all tax rates on June 25th, the levy date, and property is liened on July 1st. Taxes on real property

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 1: **Summary of Significant Accounting Policies** (continued)

E. Assets, Liabilities and Equity (continued)

3. Property Taxes (continued)

are due on the third Monday in August of each year and may be paid in quarterly installments on or before the third Monday in August, and the first Mondays in October, January, and March. In the event of nonpayment, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties and costs, together with interest at the rate of 15 percent per year from the date the taxes were due, if four or more installments were delinquent, until paid. If delinquent taxes are not paid within the two-year redemption period, the County Treasurer obtains a deed to the property free of all encumbrances. Upon receipt of a deed, the County Treasurer may sell the property to satisfy the tax lien and assessments by local governments for improvements to the property.

4. Restricted Assets

Bond covenants of the City's Water and Sewer Enterprise Funds require portions of the debt proceeds, as well as other resources, to be set aside for various purposes. These amounts are reported as restricted assets.

5. Capital Assets

Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined as those assets with an initial cost of \$5,000 or more and an estimated useful life of more than one year. All purchased capital assets are valued at cost or estimated historical cost. Donated assets are recorded at their estimated fair market value on the date donated.

General infrastructure assets acquired prior to July 1, 2002 consist of the road network assets, storm drain network assets and bridges that were acquired or that received substantial improvements subsequent to July 1, 1980. The road network and storm drain network assets acquired prior to July 1, 2001 are reported at estimated historical cost using deflated replacement cost. Bridges are valued at initial installation cost.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 1: **Summary of Significant Accounting Policies** (continued)

E. **Assets, Liabilities and Equity** (continued)

5. **Capital Assets** (continued)

The major subsystems within the road network and storm drain network are as follows:

Road Network

Asphalt
Sidewalks
Curbs and gutters
Streetlights
Traffic signals

Storm Drain Network

Storm drain infrastructure
Storm drain drop inlets

Capital assets are recorded at cost (including capitalized interest for business-type activities incurred during the construction phase on debt financed projects). Depreciation is computed using the straight-line method for all assets over the following estimated useful lives:

<u>Assets</u>	<u>Life</u>
Buildings	20 to 50 years
Improvements other than buildings	5 to 15 years
Machinery	5 to 10 years
Vehicles	3 to 10 years
Infrastructure	15 to 50 years

6. **Banked Water**

In 1994, the City entered into a Cooperative Agreement (“Edison Contract”) to recharge underground storage aquifers among Southern Nevada Municipal Water Purveyors, (the “Purveyors”). The Purveyors desired to create an arrangement intended to allow each Purveyor, if it so chooses, to have stored for its account in the Las Vegas Valley groundwater basin by July 1, 2006 approximately the total quantity of water that the Purveyor will be obligated to make available to Southern California Edison Company from July 2, 2006 through July 1, 2026 pursuant to the Edison Contract. The City believes this program will provide an economical source of future supply for customers. The City believes the inventory method of accounting for recharged water will match the water cost with future revenues related thereto.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 1: Summary of Significant Accounting Policies (continued)

E. **Assets, Liabilities and Equity** (continued)

7. **Compensated Absences**

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation and sick leave is accrued when incurred in the government-wide and proprietary fund statements. In governmental funds, the current portion of compensated absences, vacation leave and sick leave actually paid or accrued as a result of employees who have terminated, is recorded as a payroll expenditure.

8. **Provisional Credits (Enterprise Fund)**

The City has entered into refunding agreements whereby developers construct water and sewage transmission lines from their property to existing City lines at the expense of the developers. The developers are to be reimbursed by the City from the collection of connection fees or user charges.

These agreements are principally for the term of ten years with all liability canceled either by reimbursement to the developers from subsequent connection fee assessments in the related areas or upon expiration of the term of the agreements.

9. **Long-Term Debt**

In the government-wide and proprietary fund statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. For current and advance refundings resulting in defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense using the straight-line method. Issuance costs are reported as deferred charges and amortized over the term of the related bond.

For governmental fund types, bond premiums and discounts, as well as issuance costs, are recognized during the current period. The face amount of bonds issued is reported as other financing sources, as are bond premiums. Bond discounts are recorded as other financing uses. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 1: **Summary of Significant Accounting Policies** (continued)

E. **Assets, Liabilities and Equity** (continued)

10. **Equity Classifications**

In the government-wide statements, equity is classified as net assets and displayed in three components:

- a. **Invested in Capital Assets, Net of Related Debt** – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. **Restricted Net Assets** – Consists of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; (2) law through constitutional provisions or enabling legislation.
- c. **Unrestricted Net Assets** – All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt”.

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved. Reservations of fund balance consist of amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Proprietary fund equity is classified the same as in the government-wide statements.

11. **Use of Estimates**

The preparation of these financial statements includes estimates and assumptions made by management that affect the reported amounts. Actual results could differ from those estimates.

Note 2: **Reconciliation of Government-Wide and Fund Financial Statements**

A. **Explanation of Certain Differences Between the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets**

The governmental funds balance sheet includes a reconciliation between *fund balances – governmental funds* and *net assets – governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of net assets, the cost of those assets is capitalized and reported net of accumulated depreciation.” The details of capital assets and accumulated depreciation are as follows:

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 2: **Reconciliation of Government-Wide and Fund Financial Statements**

A. Explanation of Certain Differences Between the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets (continued)

Capital Assets:	
Infrastructure assets	\$ 724,068,491
Other capital assets	<u>494,458,418</u>
Governmental Capital Assets	<u>\$ 1,218,526,909</u>
Accumulated Depreciation:	
Infrastructure assets	\$ 265,933,599
Other capital assets	<u>58,503,309</u>
Accumulated Depreciation	<u>\$ 324,436,908</u>

B. Explanation of Certain Differences Between the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities

The governmental funds statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balance – governmental funds* and *change in net assets of governmental activities* as reported in the government-wide statement of activities.

One element of that reconciliation explains that “Governmental funds report the proceeds from the sale of assets as other financing sources. However, in the statement of activities only the gain or loss on the sale is recorded.” The details of this difference are as follows:

Gain on sale of assets on the statement of activities	\$ 7,660,298
Loss on disposition of assets on the statement of activities included in the general government function	(2,370,965)
Amount resulting from internal service fund activities included elsewhere on the reconciliation	(368,982)
Land sales included in the net change in fund balances – governmental funds	<u>(9,076,990)</u>
Net Difference in Reporting Sales/Disposition of Assets	<u>\$ (4,156,639)</u>

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 2: Reconciliation of Government-Wide and Fund Financial Statements

B. **Explanation of Certain Differences Between the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities (continued)**

Another element of that reconciliation states that “Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds.” The details of this difference are as follows:

Property taxes and miscellaneous revenues increase net assets in the statement of activities, but do not appear in the governmental funds as they are not current financial resources	\$ (87,600)
Deferred revenues in prior years is included in beginning net assets on the statement of activities, but is recorded as revenues in the governmental funds	<u>(558,544)</u>
Change in Deferred Revenue	<u>\$ (646,144)</u>

C. **Explanation of Certain Differences Between the Proprietary Fund Statement of Net Assets and the Government-Wide Statement of Net Assets**

The proprietary fund statement of net assets includes a reconciliation between Net Assets – total enterprise funds and net assets of business-type activities as reported in the government-wide statement of net assets. The description of the sole element of that reconciliation is “Adjustment to reflect the consolidation of Internal Service Fund activities related to Enterprise Funds.” The details of this \$5,989,860 difference are as follows:

Internal service fund loss allocation to business-type activities – Prior years	\$ (4,844,642)
Internal service fund loss allocation to business-type activities – Current year	<u>(1,145,218)</u>
	<u>\$ (5,989,860)</u>

Note 3: Stewardship, Compliance and Accountability

A. **Budgetary Information**

Annual budgets are legally adopted for all funds except Agency Funds and use a basis of accounting consistent with accounting principles generally accepted in the United States of America.

Note 3: **Stewardship, Compliance and Accountability** (continued)

A. Budgetary Information (continued)

Prior to April 15, the Finance Director submits a tentative budget for the ensuing fiscal year to the City Council, the Nevada State Department of Taxation and the Citizens via public hearings. The Nevada Department of Taxation notifies the City Council of whether or not the budget is in compliance with the law and appropriate regulations. Public hearings, at which all changes made to the tentative budget are indicated, are conducted on the third Tuesday in May. The City Council adopts the budget prior to June 1 and submits it to the Department of Taxation for final approval. The revenue classifications and expenditure functions shown in the fund financial statements are those prescribed by the Nevada Department of Taxation.

All revisions to the adopted budget are made a matter of public record by actions of the City Council. Per Nevada law, the City Manager is authorized to transfer budgeted amounts within functions (General Fund) or funds if the City Council is notified at the next regular meeting and the action is noted in the official minutes. Revisions which affect the total fund appropriations or transfers between funds are accomplished through formal City Council approval. Various supplemental appropriations were approved for the year to reflect necessary changes in spending and the corresponding additional resources available. The most significant change occurred in the Special Revenue Funds (\$31,901,569). Nevada Law requires budgetary control to be exercised at the function level.

B. Excess of Expenditures/Expenses Over Appropriations

Total expenditures/expenses exceeded those budgeted for the year in the following funds:

Nonmajor Funds:

Equipment Repair and Maintenance Special Revenue Fund:	
General Government	\$ 45,135
Municipal Golf Course Enterprise Fund	20,764
City Shop Internal Service Fund	10,164
Citywide Services Internal Service Fund	75,012

The above appear to be potential violations of NRS 354.626.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 4: **Cash and Investments**

The following is a reconciliation of the City's deposit and investment balances as of June 30, 2005:

Cash:	
Cash on hand	\$ 12,595
Deposits in bank	(867,368)
Investments	<u>704,610,238</u>
Total cash and investments	<u>\$ 703,755,465</u>

Total cash and investments at June 30, 2005 were presented on the City's financial statements as follows:

Governmental activities	\$ 234,824,310
Business-type activities	418,028,672
Fiduciary funds	<u>50,902,483</u>
Total cash and investments	<u>\$ 703,755,465</u>

State statutes govern the City's deposit policies. City monies must be deposited in insured banks and savings and loan associations. The City is authorized to use demand accounts, time accounts and certificates of deposit.

State statutes do not specifically require collateral for demand deposits, but do specify that collateral for time deposits may be of the same type as those described for permissible state investments.

The City's agent, in the City's name, holds securities used as collateral to secure deposits. The depository bank submits monthly reports to the City indicating the type, the amount and the market value of the pledged securities. The City does not, however, have written custodial agreements with the trust bank for demand deposits.

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. As of June 30, 2005, the recorded amount of the City's deposits was \$(867,368) and the bank balance was \$15,641,411. Of the bank statement balance \$300,000 was covered by federal depository insurance and \$15,341,411 was subject to collateralization.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 4: **Cash and Investments** (continued)

The City invests monies both by individual fund and through pooling of monies. The pooling of monies, referred to as an internal investment pool, is theoretically invested on the whole and not as a combination of monies from each fund belonging to the pool. In this manner, the City's Finance Director is able to invest the monies at a higher interest rate for a longer period of time. Interest revenue is apportioned monthly to each fund in the pool based on the average cash balance of the fund for the month. The City investment pool is not registered with the Securities and Exchange Commission as an investment company. Investments made by the Finance Director are regulated by Nevada Revised Statutes (NRS 355.170).

The following table identifies the investment types and minimum credit ratings authorized for the City of Henderson by NRS 355.170:

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Maximum Investment in One Issuer</u>	<u>Minimum Rating S & P</u>	<u>Moody</u>

The Local Government Investment Pool is an external investment pool administered by the Treasurer of the State of Nevada, with oversight provided by the Board of Finance. The fair value of the City's position in the pool is the same as the value of pool shares.

Interest Rate Risk

The City manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to five years or less in accordance with its investment policy.

Concentration of Credit Risk

At June 30, 2005, in accordance with State laws as defined in the table found on page 32, the City was not in violation of the maximum percentage of total portfolio per investment type, nor the maximum percentage per single issuer restrictions.

CITY OF HENDERSON, NEVADA

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At year end, the City's investment pool and specific investments had no securities exposed to custodial credit risk.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 5: **Interfund Balances and Activity**

The composition of interfund balances as of June 30, 2005 is as follows:

Due to/from other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Nonmajor Governmental Funds	<u>\$ 65,821</u>

The amounts due to the General Fund represent a cash loan to another fund.

Advances to/from other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Internal Service Funds	Special Assessment Districts – Capital Projects Fund	\$ 1,271,451
Nonmajor Governmental Funds	Nonmajor Governmental Funds	<u>791,592</u>
		<u>\$ 2,063,043</u>

The amounts owed to the Internal Service Funds represent loans to the Special Assessment Districts to be repaid from Special Assessments. The amount for \$791,592 is a note receivable from the City of Henderson Redevelopment Agency to other governmental funds for a land purchase.

Internal Balances:

	<u>Amount</u>
Effects of prior years internal service activity	\$ (4,844,642)
Effects of current year internal service activity	<u>(1,145,218)</u>
	<u>\$ (5,989,860)</u>

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 8: **Long-Term Debt**

A. Advance Refundings

In March 2005, the City issued \$56,545,000 in General Obligation Water and Sewer Refunding Bonds Series 2005. These proceeds were placed in an irrevocable trust with an escrow agent for the purpose of generating resources for all future debt service payments on \$58,460,000 of refunded debt applicable to the Series 1998A refunding. Advance refunding was undertaken to reduce total debt service payments and resulted in an economic loss. The Series 2005 advance refunding reduced total debt service payments over the next fourteen years by \$3,181,338 and resulted in an economic gain of \$2,571,009.

B. New Debt Issuance

In November 2004, the City issued General Obligation Sewer Bonds Series 2004, in the amount of \$110,000,000. The bonds were issued to construct, reconstruct, improve, and extend the City's sanitary sewer system. The bonds will mature annually on June 1 of each year starting in 2006 and ending in 2034. Interest on the bonds is payable on June 1 and December 1, commencing on June 1, 2005. Interest varies between 3.0% and 5.25%.

C. Changes to Long-Term Debt

The following schedule summarizes the changes in long-term debt:

	<u>Balance</u> <u>July 1, 2004</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30, 2005</u>	<u>Amounts</u> <u>Due Within</u> <u>One Year</u>

Note 8: **Long-Term Debt** (continued)

C. Changes to Long-Term Debt (continued)

Compensated absences typically have been liquidated by the General and Enterprise Funds. Claims payable typically have been liquidated by the Internal Service Funds. Arbitrage liabilities have typically been liquidated by the Capital Projects Funds and Enterprise Funds. The landfill post-closure costs will likely be paid from the General Fund.

D. Payment Requirements for Debt Service

The annual requirements to pay principal and interest on all bonds, capital lease obligations, and notes payable outstanding are as follows:

Year Ending June 30:	Revenue Bonds		Capital Leases		General Obligation Bonds	
	Principal	Interest	Principal	Interest	Principal	Interest

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 8: **Long-Term Debt** (continued)

E. **Special Assessment Bonds**

Principal and interest are payable from the assessments levied. District T-2 is obligated, to the extent that it has legally available surplus funds, to apply such surplus funds to the purchase of property in the assessment district that is not sold as a result of foreclosure proceedings. The City has issued various special assessment debt with an outstanding balance of \$229,885,000. The City of Henderson is only acting as an agent for these bonds and is not liable for the debt.

F. **Prior Year Defeasance of Debt**

In prior years, the City defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the City's financial statements. At June 30, 2005, outstanding general obligation bonds in the amount of \$101,210,000 are considered defeased.

Note 9: **Retirement Plan**

The City is a public employer participating in the Public Employees Retirement System of the State of Nevada (PERS), a cost sharing multiple-employer defined benefit plan administered by PERS. All full-time employees are covered under the system. In addition, those part-time employees working at least twenty hours per week are covered. The City has no liability for unfunded obligations of the system as provided by Nevada Revised Statute (NRS) 286.110.

Benefits, as required by statute, are determined by the number of years of accredited service at the time of retirement and the member's highest average compensation in any 36 consecutive months. Benefit payments to which participants may be entitled under the Plan include pension benefits, disability benefits and death benefits.

Monthly benefit allowances for regular members are computed at 2.67% of average compensation (36 consecutive months of highest compensation) for each accredited year of service prior to retirement with a ceiling of 75% of the average compensation. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allows the retired employee to accept a reduced service retirement allowance payable monthly during his/her life and various optional monthly payments to a named beneficiary after his/her death. Regular members are eligible for retirement at age 65 with 5 years of service, age 60 with 10 years of service or any age with 30 years of service.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 9: **Retirement Plan** (continued)

Police and firemen are eligible for retirement at age 65 with 5 years of accredited police and fire service, age 55 with 10 years of accredited police and fire service, age 50 with 20 years of accredited police and fire service or at any age with 30 years of accredited police and fire service. A member who retired on or after July 1, 1977 or is an active member whose effective date of membership is before July 1, 1985 and who has 36 years of service is entitled to a benefit of up to 90% of his/her average compensation. When members are eligible for the earlier retirement due to the increased service years, the ceiling limitation on monthly benefit allowances increases from the normal 75% to a maximum of 90% of average compensation. Regular members and members of the Police and Firemen Fund become fully vested as to benefits upon completion of 5 years of service.

Member contribution rates are established by NRS 286.450, which requires adjustments on each odd numbered year based on the actuarially determined contribution rate indicated in the biennial actuarial valuation. The City is enrolled in the employer pay contribution plan of PERS and is, therefore, required to contribute all amounts due under the Plan.

The City's contribution rates and amounts contributed for the last three years are as follows:

<u>Fiscal Year</u>	<u>Contribution Rate</u>		<u>Total Contribution</u>
	<u>Regular Members</u>	<u>Police/ Fire</u>	
2004/05	20.25%	28.5%	\$ 25,702,947
2003/04	20.25%	28.5%	\$ 23,171,741
2002/03	18.75%	28.5%	\$ 20,006,616

PERS issues a publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained by writing to the Public Employees Retirement System of the State of Nevada, 693 West Nye Lane, Carson City, Nevada 89703-1599 or by calling (775) 687-4200.

Note 10: **Post-Employment Benefits**

As of June 30, 2005, approximately 33 retirees were receiving post-retirement health care benefits from the City. The cost of these benefits in fiscal year 2004-05 was approximately \$101,946.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 11: Risk Management

State and local governments are subject to many types of claims such as worker's compensation, contractual actions, personal injuries and property damage.

GASB Statement No. 10 requires that a liability for claims be reported if information available prior to issuance of the financial statements indicates it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. In addition, there are also situations in which incidents occur before the balance sheet date but claims are not reported or asserted when the financial statements are prepared. The "incurred but not reported" claims have been estimated based upon the City's past experience adjusted for current trends. The claims are included in the appropriate liability accounts.

The City maintains three self-insurance internal service funds for the following types of risk exposures:

Liability Insurance – The City has obtained \$5,000,000 in excess Commercial General Liability Insurance with a \$1,000,000 self-insured retention (SIR). In addition, the City continues to maintain the following coverages: a \$434 million blanket property insurance policy on all buildings and building contents with a \$100,000 deductible; a \$79,000,000 Boiler and Machinery policy with \$10,000 deductible; a \$2.7 million Inland Marine coverage on a schedule basis for heavy equipment with a \$100,000 deductible; a \$250,000 Commercial Crime policy with a \$2,500 deductible that covers employees dishonesty, forgery and alteration; and a \$6.9 million Fire Truck Physical Damage policy with a \$50,000 deductible.

The City maintains its self-insurance fund to cover all claims made or occurring prior to the effective date of the excess liability policy and all claims that fall under the \$1,000,000 SIR. The City's Risk Management Division works with the City Attorney's office; an outside claims adjusting firm; the excess insurance company and its administrator; and, applicable departments in handling claims filed against the City. In addition, the City obtains an actuarial analysis on an annual basis.

Worker's Compensation – On April 1, 1993, the City became self-insured for worker's compensation claims. A third party administrator is utilized for claim payment. The City has a \$1,000,000 SIR for all employees per occurrence, with the maximum on all claims at statutory limits for the coverage period from April 1, 2005 through April 1, 2006.

Group Health Insurance – On July 1, 1992, the City became self-insured for employees health benefits, providing medical, dental and vision care for employees not covered under union provided health plans. The City maintains a specific stop loss policy of \$75,000 per participant per plan year with plan benefits subject to a \$1,000,000 lifetime maximum. A third party administrator is used to pay claims.

Note 12: **Joint Venture**

Pursuant to an interlocal agreement dated November 20, 2002, the City of Las Vegas, City of Henderson and the Clark County Water Reclamation District (Members) entered into a joint venture for the purpose of addressing water quality issues in the Las Vegas Wash and Las Vegas Bay of Lake Mead. The Members have worked jointly with other agencies on studies of alternate Discharge options and share a common environmental, economic and regulatory interest in the efficient and responsible collection, treatment, reuse and discharge of municipal Effluent. The studies have resulted in a program referred to as the System Conveyance and Operations Program (SCOP), which will produce the need for even greater coordination and cooperation in the funding, construction and operation of a regional system for the conveyance of Effluent.

In order to carry out their purposes and objectives with respect to Discharges from their respective treatment facilities, including the implementation of SCOP, the Members desired to create a separate legal entity. With this interlocal agreement, the Clean Water Coalition (CWC) was established pursuant to the provisions of Chapter 277 of NRS. The CWC is considered a political subdivision of the State of Nevada, separate from the members. The primary function of the CWC is to carry out the purposes and objectives of the Members with respect to Discharges from their respective treatment facilities, including the implementation of SCOP. The governing board of CWC will consist of one representative from each Member and an alternate representative from each member.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 12: **Joint Venture** (continued)

This arrangement is considered a joint venture with an equity interest because 1) the agreement results in a contractual entity, 2) joint control exists in a governing board with one representative from each Member and 3) there is an ongoing financial relationship/responsibility on the part of the participating entities.

Based on studies analyzing each Member's present and projected daily peak Discharge of effluent from their respective wastewater treatment facilities and, as negotiated by the Members the percentage capacity rights for the City of Henderson are 14%.

The underlying agreement creates an explicit, measurable equity interest in the resources of the joint venture and as such, this investment is reported as a separate line item on the government wide statements. As of June 30, 2005, the City of Henderson's investment in the joint venture is \$2,779,432. Separate audited financial statements and information for the joint venture are available by contacting the CWC Program Administrator at 1001 Whitney Ranch Drive, Suite 100, Henderson, Nevada, 89014.

Note 13: **Commitments and Contingencies**

A. **Construction in Progress**

Construction in progress in the total amount of \$107,651,724 at June 30, 2005 is reflected in the government-wide statements. Management estimates it will require an additional outlay of approximately \$196,803,295 to complete these projects.

B. **Litigation**

There are several lawsuits and unresolved disputes involving the City or its employees in which the City is represented by the City Attorney. However, in the opinion of the City Attorney these actions will not, in the aggregate, have a material adverse effect upon the operations or financial position of the City.

C. **Lake Las Vegas**

The City and the developers of Lake Las Vegas have established a sinking fund for the accumulation of \$30,000,000 to be used for stormwater treatment and/or conveyance in the event that the Federal Environmental Protection Agency (EPA) and the Nevada Division of Environmental Protection determine that more stringent stormwater treatment standards are required solely as a result of the creation of Lake Las Vegas.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 13: Commitments and Contingencies (continued)

C. Lake Las Vegas (continued)

The sinking fund will be maintained for a period of thirty years commencing in 1989 after which the City will be allowed to utilize the fund proceeds, if any, for any appropriate municipal purpose. Developer contributions with accumulated interest are expected to constitute \$4,500,000 of the total. The City intends to make contributions from property tax revenue that will be generated from increased assessed valuation resulting from the development. The developer estimates assessed valuation at complete build-out to be \$1,215,655,000 (35% of actual value).

D. Landfill Closure

The City leased land from the Bureau of Land Management (BLM) for operation of a solid waste municipal landfill from November 1965 until November 1975. The City maintained the lease with the BLM through 1996. In March of 1997, the City entered into an agreement with the Nevada Division of Environmental Protection and the Clark County Health District whereby the City will investigate environmental conditions associated with the landfill, implement necessary remedial measures (e.g., installation of a final cover system and surface water run-on/run-off controls), and maintain the constructed remedial measures. The City has recorded an estimated contingent liability of \$12,000,000 to reflect costs, which the City estimates that it may incur under the above-referenced agreement.

E. Redevelopment Agency

The City of Henderson Redevelopment Agency entered into several promissory notes in the original aggregate amount of \$11,030,573 as part of an Owner Participation Agreement with Cornerstone Partners I, L.L.C. The indebtedness represented by each note was payable solely and exclusively from a predetermined percentage of the Site Tax Increment received by the Agency on specific parcels of land and was not to be payable from any other source. Because the requirements to repay the notes were contingent on the Agency receiving sufficient Site Tax Increment on the specific parcels, these potential future obligations of the Agency have not been reflected in the financial statements in the past. During the fiscal year ended June 30, 2005, these notes were forgiven.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2005

Note 14: **New Accounting Pronouncements**

The Governmental Accounting Standards Board (GASB) recently released several new accounting and financial reporting standards. Two of the new standards, GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries* and GASB Statement No. 45, *Accounting and Financial Reporting by Employers of Postemployment Benefits Other than Pensions (OPEB)*, may have a significant impact on the City's financial reporting process.

GASB Statement No. 42 establishes accounting and financial reporting standards for impairment of capital assets. GASB No. 42 will be effective for the fiscal year ending June 30, 2006.

GASB Statement No. 45 establishes standards for the measurement, recognition and display of OPEB expenses/expenditures, related assets and liabilities, note disclosures and, if applicable, required supplementary information in the financial reports of state and local government employers. GASB No. 45 will be effective for the fiscal year ending June 30, 2008.

Governmental Funds

Nonmajor Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

City of Henderson Redevelopment Agency - to account for the financial activity of the Agency which derives its revenue from tax increment financing and bond proceeds that will be utilized to rehabilitate and develop the defined redevelopment area.

Gas Tax Special Revenue - to account for optional excise tax on motor vehicle fuel and other revenues restricted for repairing or restoring existing unpaved and paved roads, streets, and alleys.

Forfeited Assets Special Revenue - to account for the resources and revenues of a fund that is restricted by State law to certain law enforcement activities.

Municipal Court Administrative Fee Special Revenue - to account for court assessments which are to be used to improve operations of the court.

Financial Stabilization Special Revenue - to account for resources to stabilize governmental operations in the event of a shortfall in General Fund revenue.

Graffiti Reward and Abatement Special Revenue - to account for graffiti-related court assessments which are to be used to pay rewards for information resulting in the conviction of graffiti ordinance violators. This fund was closed out to the General Fund.

Equipment Repair & Maintenance Special Revenue - to account for an allocation of bond proceeds and other financing sources used for infrastructure reinvestment for the maintenance, repair or improvement of technology and capital projects.

Multipurpose Special Revenue - to account for the receipts and expenditures of private contributions and grants awarded to the City.

Lake Las Vegas Fund - to account for resources to be used solely to fund costs of storm water treatment and/or conveyance in the event that Federal and/or State agencies determine that more stringent treatment standards are required as a result of the creation of Lake Las Vegas.

Nonmajor Capital Projects Funds

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

Land Sales - to account for the purchase and sale of City owned property. The City has traditionally used proceeds from these sales for miscellaneous capital projects.

Special Recreation - to account for costs of recreational equipment and other recreational purposes. Funds for these purposes are provided by revenues received from the Las Vegas Convention and Visitors Authority.

Bond Proceeds - to account for costs of improving and bettering streets within the City; flood control; improving and equipping artificial lights, lighting equipment, and traffic control equipment; and acquisition, development, improvement and expansion of public parks, playgrounds and recreation facilities within the City. Financing is provided by the sale of general obligation bonds.

HUD Proceeds - to account for costs of providing loans and grants given for the purpose of housing rehabilitation and the construction of capital improvements, such as streets and street lighting. Primary funding is provided by Federal grants. This fund was closed out to the Multipurpose Special Revenue Fund.

Park Development - to account for fees that are collected upon application for building permits. The revenues produced by these fees are to be used for the acquisition, development, improvement and expansion of public parks, playground and recreational facilities within the City.

Flood Control - to account for flood control projects that receive their primary funding from the Clark County Flood Control District.

RTC/County - to account for costs of improving streets within the City that are funded by the Regional Transportation Commission and Clark County Grants.

Special Ad Valorem Transportation Fund - to account for revenue received from a special ad valorem tax that must be recorded in a capital project fund and dedicated to capital projects designed to alleviate critical transportation needs within Clark County.

Proprietary Funds

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other department or agencies of the government and to other governmental units, on a cost reimbursement basis.

Engineering - to account for the financing of engineering services provided by City engineers to other departments or to other governmental units such as Federal (Environmental Protection Agency and Housing and Urban Development) or State. Charges are made on a cost-reimbursement basis.

City Shop - to account for the costs of acquisition, maintenance (including fuel) and replacement of all City vehicles. Charges are billed to the user departments on a cost-reimbursement basis including depreciation.

Revolving Fund - to account for the resources and revenues of a fund that is restricted to the provision of loans to special assessment districts.

Self Insurance - to account for monies collected from various City departments and funds that are to be expended for payment of claims, to certain limits, for casualty and accident losses.

Workmen's Compensation Self Insurance - to account for and accumulate funds collected from various City departments and funds to be expended for payments of employees' work related injury claims, to certain limits, including disability payments.

Health Insurance Self Insurance - to account for and accumulate funds collected from various City departments and funds to be expended for payments of employees' health claims, to certain limits, and related insurance premiums including life and travel insurance for employees.

Citywide Services - to account for the costs of common services such as telephone, copy and print services, and certain information technology services provided by one department to other departments and funds on a cost reimbursement basis.

Enterprise Funds Nonmajor Enterprise Funds

Convention Center Enterprise Fund - to account for costs of operating the City's Convention Center. Resources for operating the Center are derived from user fees, a room tax imposed by the City and the allocation of a portion of gaming license revenues to this fund.

Municipal Golf Course Enterprise Fund - to account for the operations related to the City's municipal golf course known as the Wildhorse Golf Course.

Fiduciary Funds

Agency funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds.

Bridges - to account for contributions by developers for the construction of bridges across flood channels that traverse the City of Henderson. These contributions are held by the City in an agency capacity pending the identification of funding necessary to complete the bridges.

Section 125 Agency Fund - to account for City employee contributions to an employee benefits plan enacted under Section 125 of the Internal Revenue Code. The plan is administered by an independent plan administrator.

Traffic Signal Agency Fund - to account for contributions by developers for the construction of traffic signals at intersections throughout the City of Henderson. These contributions are held by the City in an agency capacity to be used toward the construction of designated traffic signals or to be refunded to developers.

Forfeited Assets Fund - to account for monies impounded under applicable racketeering and/or controlled substance laws pending court adjudication.

Paving Frontage Agency Fund to account for assessments accumulated for use as the land-owner portion of street frontage paving costs in defined areas.

Special Assessment Districts Agency Fund - to account for the repayment of special assessment district debt for which no assets or revenues of the City have been pledged.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Mayor
Members of the City Council and
City Manager
City of Henderson, Nevada

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Henderson, Nevada, as of and for the year ended June 30, 2005, which collectively comprise the City of Henderson, Nevada's basic financial statements and have issued our report thereon dated October 6, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Henderson, Nevada's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that we have reported to management of the City of Henderson, Nevada in a separate letter dated October 6, 2005.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Henderson Nevada's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

The Honorable Mayor
Members of the City Council and
City Manager
City of Henderson, Nevada

Compliance

We have audited the compliance of the City of Henderson, Nevada, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2005. The City of Henderson, Nevada's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulation, contracts, and grants applicable to each of its major federal programs is the responsibility of the City of Henderson, Nevada's management. Our responsibility is to express an opinion on the City of Henderson, Nevada's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Henderson, Nevada's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Henderson, Nevada's compliance with those requirements.

In our opinion, the City of Henderson, Nevada complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005.

Internal Control Over Compliance

The management of the City of Henderson, Nevada is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City of Henderson, Nevada's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we considered to be material weaknesses. However, we noted other matters involving internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs which we have reported to management in a separate letter dated October 6, 2005.

This report is intended solely for the information and use of management, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

CITY OF HENDERSON, NEVADA

Notes to Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2005

Note 1: **Reporting Entity**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal awards programs of the City of Henderson. The City of Henderson's reporting entity is defined in Note 1 to the City's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the schedule.

Note 2: **Basis of Accounting**

The Schedule of Expenditures of Federal Awards is prepared on the modified accrual basis of accounting.

Note 3: **Relationship to Financial Statements**

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree, in all material respects, to amounts reported within the City's financial statements. Federal award revenues are reported principally in the City's financial statements as intergovernmental revenues in the Multipurpose Special Revenue Fund.

Note 4: **Loans with Continuing Compliance Requirement**

The value of loans of federal monies outstanding at the end of the year was as follows:

<u>Federal CFDA</u>	<u>Program Title</u>	<u>Amount Outstanding</u>
14.228	Community Development Block Grant	\$ 283,306
14.239	HOME Investment Partnerships Program: Multifamily Family Development Project Loans (subject to forgiveness provision after 50 years)	2,383,614
	First Time Home Buyer and Rehabilitation Loans	1,538,267

CITY OF HENDERSON, NEVADA

CITY OF HENDERSON, NEVADA

Summary Schedule of Prior Audit Findings
For the Year Ended June 30, 2005

Audit Reference Number	Status of Prior Year Audit Findings
Finding 04-1:	
Department of Housing & Urban Development CFDA 14.218	Corrected this year.
Finding 04-2:	
Department of Housing & Urban Development CFDA 14.218 & 14.239	Corrected this year.
Finding 04-3:	
Department of Housing & Urban Development CFDA 14.218	Corrected this year.
Department of Health and Human Services CFDA 93.044, 93.045 & 93.053	
Finding 04-4:	Partially corrected.
Department of Health and Human Services CFDA 93.044, 93.045 & 93.053 (Aging Cluster)	CFDA 93.044, 93.045 & 93.053: Corrected. Section J of Part 3 of the Compliance Supplement states that program income must be deducted from program outlays unless specified in the federal awarding agency regulations or the award. The Aging Cluster program comes under the exception to the general rule. 42 USC 3030c-2(b) provides that program income (voluntary contributions the City receives for participant meals) must be used to expand the senior meals program. The City used program income to expand the senior meals program and, therefore, did not violate these requirements.
Department of Housing & Urban Development CFDA 14.239	CFDA 14.239: Not corrected. The City was subject to unique circumstances involving program income during the current fiscal year. The City was formerly a non-entitlement

CITY OF HENDERSON, NEVADA

Summary Schedule of Prior Audit Findings
For the Year Ended June 30, 2005

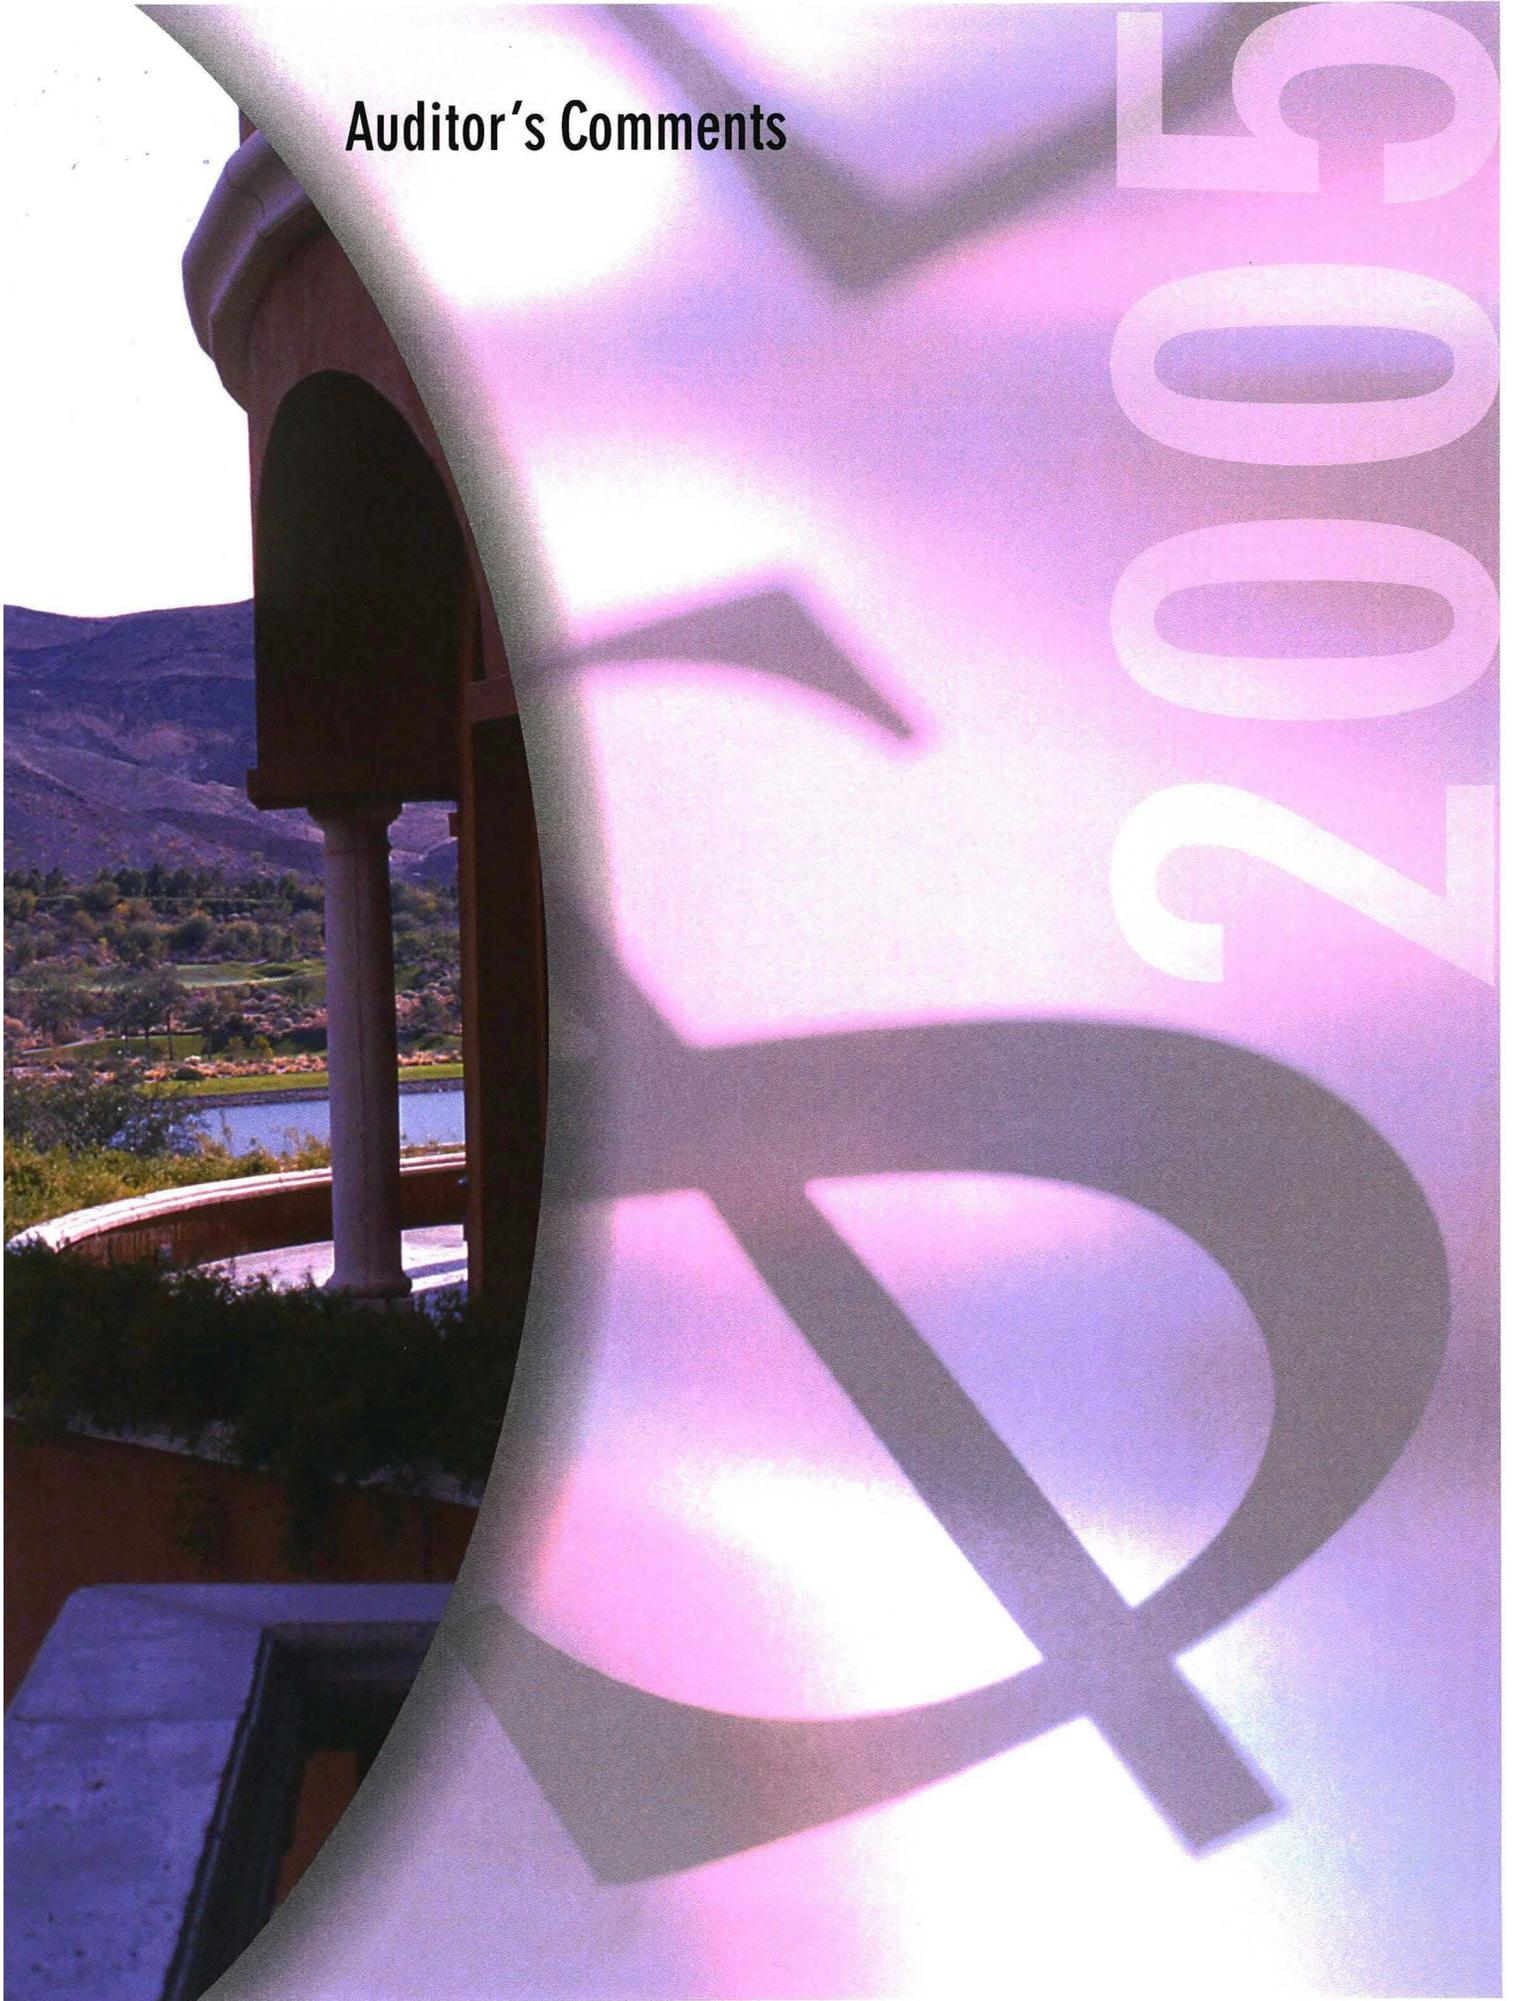

Audit Reference Number	Status of Prior Year Audit Findings
Finding 04-4 (continued):	<p data-bbox="607 436 1398 504">jurisdiction. The City became an entitlement jurisdiction during the fiscal year ended June 30, 2004.</p> <p data-bbox="607 541 1398 890">When the City first became an entitlement jurisdiction, it treated program income received under the entitlement and non entitlement programs as if the two programs were one. However, the City was later notified by a federal HUD representative that program income should be treated separately for the former non-entitlement and the current entitlement programs. Thereafter, the City treated program income separately. Program income received under the non entitlement program was retained by the City, while federal funds were drawn down to fund entitlement-program projects.</p> <p data-bbox="607 928 1398 1129">During this period of time, the City made two draws under the non-entitlement program: (1) a draw of \$100,000 was made on or about November 4, 2004; (2) a draw for \$50,000 was made on or about January 18, 2005. At the time November 4, 2004 draw was made, the accounting records show that the following non-entitlement program income was available: \$83,555.</p> <p data-bbox="607 1171 894 1201"><u>Management Response</u></p> <p data-bbox="607 1243 1390 1549">The City fully understands the regulation regarding Program Income and Entitlement/Non-entitlement draws. As demonstrated the City was activity drawing program income during year 04-05 until February of 05 when we began drawing Entitlement funds. Any Non-entitlement draws that were made prior to all Program Income being expended was done in error. The City has taken further steps to prevent this from happening in the future by making a staff change and implementing additional procedures.</p> <p data-bbox="607 1591 976 1621">Contact Person: Doug Kuntz</p>

Auditor's Comments

AUDITOR'S COMMENTS

STATUTE COMPLIANCE

The required disclosure on compliance with the Nevada Revised Statutes and Nevada Administrative Code is contained in Note 3 to the financial statements.

PROGRESS ON PRIOR YEAR STATUTE COMPLIANCE

The following action was taking during 2004-05 relating to the potential violations as reported in the June 30, 2004 audit report:

- During the current year, efforts were made to monitor all expenditures and expenses. However, the City was unable to avoid all potential violations.

PRIOR YEAR RECOMMENDATIONS

There were no specific recommendations made in the audit report for the year ended June 30, 2005.

CURRENT YEAR RECOMMENDATIONS

We did not find any financial weaknesses of a magnitude to justify inclusion within our audit report. However, our audit activity did identify recommendations to improve procedures and accountability that have been included in our current management letter.

354.6115

- The financial statements of the Financial Stabilization Special Revenue Fund are located in this report.
- As noted above, compliance with Nevada Revised Statutes is contained in Note 3 to the financial statements.

354.598155

- The Special Ad Valorem Transportation Capital Projects Fund expended the following amounts during the year ended June 30, 2005:

Public Works – Service and supplies	\$ 110,424
Public Works – Capital outlay	<u>221,584</u>
	<u>\$ 332,008</u>

INDEPENDENT ACCOUNTANT'S REPORT ON NEVADA REVISED STATUTE 354.6241

To the Honorable Mayor
Members of the City Council and
City Manager
City of Henderson, Nevada

We have reviewed the assertion provided by management in accordance with Nevada Revised Statute 354.624 (5)(a):

- The identified funds are being used expressly for the purpose for which they were created,
- The funds are administered in accordance with accounting principles generally accepted in the United States of America,
- The reserved fund balances/net assets in the funds were reasonable and necessary to carry out the purposes of the funds at June 30, 2005 (based on the interpretation of reasonable and necessary provided by the Legislative Counsel Bureau),
- The sources of revenue, including transfers, available for the funds are as noted in the financial statements,
- The funds conform to significant statutory and regulatory constraints on its financial administration during the year ended June 30, 2005 (except as previously noted under statute compliance),
- The balance and net assets of the funds are as noted in the financial statements.

This assertion is the responsibility of the management of the City of Henderson, Nevada.

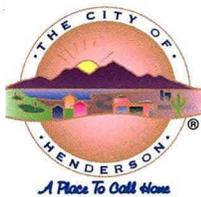

Our review was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on the assertion. Accordingly, we do not express such an opinion.

Based on our review, nothing came to our attention that caused us to believe that the assertion provided by management referred to above is not fairly stated in all material respects.
