	supply and replace 40 gallon electric water heater underneath kitchen countertop in order to do so they will have to call somebody out to remove the countertops before I install water heater as it is too big to take out of the cabinet without taking the countertop off. Will install new tank as well as new flex lines in new connections for TMP line and new electrical connections for the wires as well as add a safety pan to bring water heater up to code. Price includes parts and labor Water Heater
